Subject:	2B Energy Methil Offshore Wind Demonstrator Site - Addendum
Attachments:	60226-B.PDF 60225-B.PDF

Dear Sir/Madam,

On the 26th April 2010, 2-B Energy submitted an application under section 36 of the Electricity Act 1989 for the Scottish Ministers consent to construct and operate a demonstration wind turbine at Methil. The proposals were amended and you were contacted with regards to this amendment in December 2010. 2-B Energy has subsequently altered their design and has supplied the attached drawings for a 3-Leg option for the support structure for the demonstration wind turbine.

Marine Scotland Licensing Operations Team would like to thank you for your previous consideration of this proposal and request that you could indicate whether or not you wish to update your response to previous consultation in light of this amendment to the proposed structure and if so, what your new position would be by 25 February 2011.

Kind Regards,

Hazel Green
