Subject: 002/TIDE/SPR - 2: MS LOT to MSS: ScottishPower Renewables: Sound of Islay Tidal Demonstration Array: ES Consultation: 26 May 2014

Paul,

Please see attached letter for a consultation on the ScottishPower Renewables: Sound of Islay Tidal Demonstration Array.

<< File: Sound of Islay Initial Consultation Letter.pdf >>
The documents can be found on the g:drive at:

G:\Renewables\Environmental_Statements\Tidal\SPR Sound of Islay\2014 Application\Environmental Statement

The cover letter and marine licence application are below:

<< File: 2014_S36 and Marine Licence Application Cover Letter.pdf >> << File: 2014_Marine Licence Application.pdf >>

Once I receive a copy of the Environment Statement on CD, I can forward this to MSS if anybody requires it.

Please can MS LOT have MSS comments by the **4th July 2014**

Paul, in your absence (away on Scotia) and after talking with Andronikos, I have cc'd in the MSS colleagues you would normally consult to make them aware of the consultation and allow maximum time to give comments. Feel free to follow up with your normal consultation email to MSS colleagues on your return.

If anyone cannot access the g:drive to see the documents, please contact me.

Many thanks

Ali

Dear Mr Ford

Scottish Power Renewables: Sound of Islay Tidal Demonstration Array

We have reviewed the application submitted and offer the following comment:

There are currently no aquaculture sites registered with Marine Scotland Science located in the vicinity of the Islay Tidal Demonstration Array proposed by Scottish Power Renewables.

The nearest aquaculture site is situated ~10km east of the proposed development. It is an inactive marine stage salmon site operated by Isle of Jura Salmon Ltd.

The nearest active aquaculture site is situated ~14km west of the proposed development. It is a Pacific oyster trestle site operated by G. & J. Archibald.

Map of fish and shellfish farms on Islay, Isle of Gigha, Jura and Colonsay

Yours sincerely

Anna Donald
