Dear Catarina,

**BOWL Section 36 Consent Condition 26 and Marine Licence Condition 3.2.2.11 (Offshore Transmission Works) – Traffic and Transportation Plan (TTP).**

Please find enclosed for approval the Traffic and Transportation Plan (TTP) prepared on behalf of Beatrice Offshore Windfarm Ltd (BOWL).

The purpose of the TTP is to provide an overview of the traffic and transport associated with the construction of the Offshore Wind Farm and Offshore Transmission Works, and that will be utilising the road network. It demonstrates how BOWL have met the requirements of Consent Condition 26 of the Section 36 Consent issued for the Beatrice Offshore Wind Farm on 19th March 2014 and Condition 3.2.2.11 of the OfTW Marine Licence issued on 2nd September 2014, as revised by the issue of licence references 04461/16/0 and 04462/16/0 on the 27<sup>th</sup> April 2016 (the Marine Licences).

It is considered that the enclosed TTP is sufficient to satisfy the requirements of S36 Consent Condition 26 and the OfTW Marine Licence Condition 3.2.2.11, providing that it is implemented as approved.

We would be grateful if MS-LOT on behalf of the Scottish Ministers could please confirm in writing, following consultation, their agreement and approval of the enclosed TTP and that in this respect S36 Consent Condition 26 and the OfTW Marine licence condition 3.2.2.11 are discharged.

Should MS-LOT or consultees have any comments on the enclosed TTP, we would welcome them at your earliest convenience.

Yours sincerely,

  
Jonathan Wilson
