20 Nov 2018

Please find the enclosed details your letter has asked for also with my telephone call with <sup>Redacted</sup> as I find this very hard to understand.

Regarding mooring coordinates,

Our three moorings are dropped to the sea-bed at the end of October till spring-time so I've can only send you the details of last consent. Until they get lifted.

I've sent you the copy that went with the consent to show you location of them. They are AR3-7-1 there are three of them.

With reference to Section 6 of the application about the Scotland's National Marine Plan,

I have had 3 moorings for a long time since 1990? in the same area.

Never had any problems

My 3 moorings have no visual impact in the area and blend in with others that are in that area.

I wish our marine environment to be safe for people to use and clean and be used

property for boatowners/fishforms and to be kept  
in touch with local planning that may have  
a impact on our waters.

I hope this is okay as I've discussed this  
with <sup>Redacted</sup> who works for you.

I don't have any access to internet as I  
struggle with forms etc so I've added my  
telephone number in letter.

Kind regards
