

### APPENDIX 3 - Kessock Site Information

#### List of Stations

The table below lists the RNLI sites in geographical sequence. The Activity reference relates to the category of Works and the associated Method Statement. The lifeboat stations are identified as having an inshore lifeboat (ILB) and/or an All Weather Lifeboat (ALB).

<b>RNLI Site Ref</b>	<b>Name of Lifeboat Station or Beach Lifeguard Area</b>	<b>Postcode</b>	<b>Type of Lifeboat</b>	<b>Summary Description of Infrastructure below MHWS, or Activity</b>	<b>Category of Maintenance Activities (Activity Reference)</b>	<b>Detailed Description of Infrastructure below MHWS, or Activity</b>	<b>Identified Statutory Harbour Authority (SHA) or Competent Harbour Authority (CHA)</b>
37	Kessock	IV1 3YQ	ILB	Slipway structures & Navigation Markers	4(b) & 5	<p>Two separate mass concrete slipway structures with navigation markers to slipway.</p> <p>The navigation markers are required to identify the location of the slipway (during launch and recovery of the lifeboat trailer and tractor unit) and are close in to the shore (but not drying), and therefore the maintenance of these markers is similar to the maintenance of the moorings save that the tackle is lightweight and the workboats used for maintenance is correspondingly smaller</p>	None

## SCOTLAND - LIFEBOAT STATION - SITE COORDINATES (WGS84 DATA)

*The following coordinates for the sites describe the area of activity at each station, which generally is the boundary of infrastructure, but can also include access and launch routes.*

*Further mapping information on the next page.*

<b>RNLI Site</b>	<b>COORDINATES - LAT</b>	<b>COORDINATES - LON</b>
Kessock Lifeboat Station	57.500638	-4.235266
	57.500548	-4.235023
	57.500673	-4.234924
	57.500655	-4.234617
	57.500700	-4.234361
	57.500832	-4.234129
	57.500827	-4.233559
	57.501136	-4.233675
	57.501020	-4.234299
	57.500893	-4.234394
	57.500794	-4.234650
	57.500861	-4.235044
	57.500638	-4.235266

## HABITATS REGULATIONS ASSESSMENT

A high level review has been carried out at each site to determine the protected sites, each site is in or near (within 2km), if any.

The proposed activities are not considered to have a significant effect on those sites identified as being in or near a protected site.

Scottish Natural Heritage has provided their initial assessment following pre-application consultation.

### RNLI SCOTLAND DIVISION SITES - Review of Protected Sites

RNLI Ref	Site	Name of Station	Postcode	Protected sites which each site location is in or near (within 2km)
37		Kessock Lifeboat Station	IV1 3YQ	Morway Firth SAC
