Havfrue Cable System

Attachment A: Additional Coordinates

1.1

INTRODUCTION

Appendix A provides an overview of the coordinates for the Havfrue cable entering and exiting the Scottish Territorial Seas (TS), and the location of the nine rock placements in the UK Exclusive Economic Zone (EEZ).

1.2

LOCATION OF HAVFRUE CABLE AND ROCK PLACEMENT

Tables 1.1 and 1.2 provide the coordinates for the Havfrue cable within the TS and the rock placement locations in the EEZ.

Table 1.1 Havfrue Cable Entry and Exit Locations through the Scottish TS

Enter Latitude	Enter Longitude	Exit Latitude	Exit Longitude
59.715428	-1.869257	59.612778	-1.228547

Datum: WGS 1984

Table 1.2 Rock Installation Locations in the EEZ

Pipeline/ Cable Name	Latitude	Longitude	Water Depth (m)
Shetland Island Gas Export System (SIRGE)	59.485690	-0.559967	111
Brent A - St Fergus (FLAGS)	59.448415	-0.361665	138
Vesterled Trunkline	59.267422	0.590110	140
Frigg - St Fergus 1 (FUKA)	59.266655	0.592665	142
Scottish Area Gas Evacuation (SAGE)	59.157095	1.237747	120
Devenick - East Brae Umbilical	59.132643	1.566043	116
Devenick - East Brae Trunkline	59.132558	1.566588	116
Edvard Grieg - SAGE (Utsira High)	59.132190	1.574452	116
Bruce - Forties Trunkline	59.119417	1.663125	116
