Date: 12 June 2019

Dear Mr Altolagurrie,

**Application to Disturb Marine Species, Kincardine Offshore Windfarm.**

Further to your application received 5 April 2019 in relation to Geophysical surveys at the site of the proposed second Cable route and windfarm area. I can inform you that the conditions for issue of a licence have been met and a copy of the licence, MS EPS 04/2019/1 is enclosed. Please quote the licence number should you require to contact us again regarding this matter.

I am obliged to draw your attention to the conditions contained within the licence, as detailed by our advisors. Under *The Conservation (Natural Habitats, &c.) Amendment (Scotland) Regulations 2007* and *The Conservation of Offshore Marine Habitats and Species Regulations 2017*, it is an offence to fail to comply with those conditions.

You will note that the licence runs to 30 May 2020. If a new licence is required, it should be applied for before this licence expires to allow a possible extension rather than a complete new application.

Yours sincerely

Rhys Potter
