Dear [REDACTED]

ELECTRICITY ACT 1989 PROPOSED OFFSHORE WINDFARM AT ROBIN RIGG, SOLWAY FIRTH

Natural Power Consultants Limited has submitted an application under section 36 of the Electricity Act 1989 for the Scottish Minister's consent to construct and operate an offshore windfarm at Robin Rigg, Solway Firth.

As required by statute details of the application will be published in the local press and national press.

I would be grateful for any comments you wish to make and I enclose copies of the application, maps and the environmental statement (which includes a non-technical summary) for your perusal. The Electricity Works (Environmental Impact Assessment) (Scotland) Regulations 2000 allow four calendar months for this consultation to take place. Consequently, I would be grateful for your views by 19 October 2002.

Yours sincerely

DEREK MCNALLY
