Dear Mr Sutherland

**The Electricity Works (Environmental Impact Assessment) (Scotland) Regulations 2000
The Marine Works (Environmental Impact Assessment) Regulations 2007 (as amended)
Application for consent to construct and operate Seagreen Alpha and Bravo Offshore
Wind Farms and Transmission Asset Project
Environmental Statement Addendum**

Thank you for your letter dated 18 October 2013 which requested comments on the above. For information, this letter covers our comments on the submitted details for our role as consultees through the Scottish Ministers under the terms of the above Regulations. Our comments here concentrate on our statutory remit for scheduled monuments and their setting, category A listed buildings and their setting, gardens and designed landscapes appearing in the Inventory, Inventory Battlefields and Historic Marine Protected Areas. Please also seek information and advice from the relevant Council's archaeological and conservation service if you have not already done so.

Addendum Comment

I understand that there have been no changes to the project details since the original submission and the submitted Addendum consists of the following:

- Non-technical Summary;
- Seagreen Phase 1 Offshore Project Habitats Regulations Appraisal – Information to Inform Appropriate Assessment;
- Erratum notifications that relate to the Seagreen Phase 1 Offshore Project ES.

Having, reviewed the submitted information, we can confirm that we have no comments to make on the information contained within the Addendum.

Additional Comment

Further to our consultation response dated 5 December 2012, we would request that the following additional comment be taken into account in the decision making process.

In order to enhance knowledge about the historic environment we would request that appropriate provision be made within any consent issued, requiring the applicant to archive information about archaeological sites discovered or recorded during the course of the survey

work and development processes, with the Royal Commission on the Ancient and Historical Monuments of Scotland or the adjacent Local Authority Archaeology Service.

Please do not hesitate to contact me should you wish to discuss any of the issues raised in this letter.

Yours sincerely

Robin Campbell
Senior Heritage Management Officer (EIA)
