

Appendix 13.2

Gazetteer of Onshore Setting Receptors

Wessex Archaeology

March 2018

Name	Designation	Description	Reference No.	Easting	Northing
Tentsmuir WWII coastal defences	Scheduled Monument	A complex of linear defences, running from Leuchars Airfield in the south to Lundin Bridge in the north-east. It is made up of concrete anti-tank blocks, command posts, quadrant towers, pill boxes and what may have been a bombing decoy post to the north of the airfield. They were constructed in late 1940 by Polish troops.	SM9712	348765	728109
Crail Airfield	Scheduled Monument	Built during the First World War and reused in Second World War and the Cold War. Initially a small airfield and hangar it was later increased in size and used for naval training and operations during the Second World War	SM6642	362750	708760
Crail Airfield, pillbox, Foreland Head	Scheduled Monument	Second World War Pillbox, well preserved and located at the easternmost tip of the south coast of Crail	SM6461	363820	709760
St Andrews Castle	Scheduled Monument	Castle first built c1200 as the residence of the Bishops of St Andrews one of the best preserved medieval Episcopal residence in Scotland, it also has the best preserved mine and counter mine in Britain	SM90259	351236	716930
St Andrews Cathedral and adjacent ecclesiastical remains	Scheduled Monument	Cathedral built in the 12th century replacing earlier ecclesiastical buildings. After use by the leading bishops of Scotland for centuries the cathedral was eventually abandoned in 1560 during the Reformation. The cathedral never returned to full use.	SM90260	351510	716570
Isle of May Priory	Scheduled Monument	The remains of a Benedictine priory, this priory have largely been excavated although the main upstanding part of the monument stands to two storeys. It is traditionally thought that the priory was built on the site of a community established by St Ethernan or Adrian in the 9th century. The priory was built in the 12th century and was in occupation until the 15th century	SM883	365880	699000
Isle of May Old Lighthouse	Scheduled Monument	A lighthouse was built here in 1636, the lower half of this survives although it was replaced in the 19th century. The old lighthouse is considered to be one of the oldest lighthouses in Britain.	SM887	365555	699390

Name	Designation	Description	Reference No.	Easting	Northing
Dunbar Castle and Castle Park	Scheduled Monument	A promontory of land containing the ruins of Dunbar Castle and, immediately south of the headland occupied by Dunbar Castle, the Castle Park which contains remains of domestic and military occupation from the pre-Roman Iron Age to the 16th century AD. The castle was heavily damaged by the construction of the entrance to Victoria Harbour in the 19th century.	SM766; SM5960	367849	679332
Tantallon Castle	Scheduled Monument	The castle dates from the second half of the 14th century (about AD 1360) and was abandoned in 1651 when it was surrendered to the English following a siege by General Monck. The castle survives as an upstanding ruin comprising three towers projecting from a massive red sandstone curtain wall, a two-storey hall-block and a series of substantial ditches and ramparts on the landward side. The castle is situated at about 30m OD on a high promontory facing the Bass Rock.	SM13326	359529	684997
North Berwick Law	Scheduled Monument	An Iron Age hill fort made up of hut circles and enclosures	SM3863	355640	684220
Doon Hill Forts	Scheduled Monument	The remains of two forts of prehistoric date represented by cropmarks visible on oblique aerial photographs. The NW-facing slopes are very steep and the forts command extensive views to the N and W across the Lothian coastal plain. The slopes to the S and E are less steep and it is on this side that the defences of the forts are most clearly visible. The E fort is defined by at least 5 narrow ditches or palisades, none of which can be traced for the complete circuit.	SM5764	368417	675557
St Andrews Harbour	Category A Listed Building	Largely 18th century harbour although a harbour is thought to have been located on this spot since the 13th century.	HB40596	3151655	716607
Bell Rock Lighthouse	Category A Listed Building	Lighthouse built between 1806-11 by John Rennie and Robert Stevenson (engineers). It was built in an exceptional position on a rock outcrop which is barely uncovered at low tide in the sea over 10 miles from land between Fife Ness and Angus. This is the oldest surviving rock built lighthouse in Britain.	HB5197	376165	726808

Name	Designation	Description	Reference No.	Easting	Northing
Arbroath signal tower	Category A Listed Building	Built 1813 this signal tower's flagpole rose and fell to alert the workers construction the Lighthouse. It was built as a classical and castellated group of twin lodges and a 4-storey signal tower.	HB21230	364051	740447
Dunbar Battery	Category B Listed Building	This fort was erected in 1781 to protect the town of Dunbar from sudden invasion but more particularly to protect it from privateers. It is a red-sandstone structure with an open gun-platform, embrasures for sixteen guns, and a covered magazine and quarters for the garrison.	LB24831	368122	679349
St Andrews Links	Inventory Historic Garden and Designed Landscape	A series of some of the oldest public link golf courses in the world. Known as the 'Home of Golf' there are records of golf being played on the Links since the 15th century	GDL00344	349400	718400
Cambo	Inventory Historic Garden and Designed Landscape	Victorian era Historic garden and designed landscape including walled garden and model farm.	GDL00080	360070	711450
