1.3 Other authorisations and consents

The Licensee is deemed to have satisfied itself that there are no barriers or restrictions, legal or otherwise, to the carrying on of the Licensed Activities in connection with the licensed activity. The issuing of the licence does not absolve the Licensee from obtaining such other authorisations and consents, which may be required under statute.

1.4 Variation, suspension, revocation and transfer

Under section 30 (1) of the 2010 Act the Licensing Authority may by notice vary, suspend or revoke the licence granted by them if it appears to the Licensing Authority that there has been a breach of any of its provisions. For any such other reason that appears to be relevant to the Licensing Authority under section 30(2) or (3) of the 2010 Act.

Under the 2010 Act variations, suspensions, revocations and transfers of licences are subject to the procedures set out in section 31 of the Act.

Under section 30 (7) of the 2010 Act, on an application made by a licensee, the Licensing Authority may vary a

licence if satisfied that the variation being applied for is not material.

Under section 30 (8) of the 2010 Act, on an application made by the licensee, the Licensing Authority may transfer the licence from the Licensee to another person.

1.5 Breach of requirement for, or conditions of, licence

Under section 39 of the 2010 Act it is an offence to carry on a Licensable Marine Activity without a marine licence and it is also an offence to fail to comply with any condition of a marine licence.

1.6 Defences: actions taken in an emergency

Under section 40 of the 2010 Act it is a defence for a person charged with an offence under section 39(1) of the 2010 Act in relation to any activity to prove that –
the activity was carried out for the purpose of saving life, or for the purpose of securing the safety of a vessel, aircraft or marine structure ('force majeure'), and
that the person took steps within a reasonable time to inform the Licensing Authority as set out in section 40(2) of the 2010 Act.

1.7 Offences relating to information

Under section 42 of the 2010 Act it is an offence for a person to make a statement which is false or misleading in a material way, knowing the statement to be false or misleading or being reckless as to whether the statement is false or misleading, or to intentionally fail to disclose any material information for the purpose of procuring the issue, variation or transfer of a marine licence or for the purpose of complying with, or purporting to comply with, any obligation imposed by either Part 4 of the 2010 Act or the provisions of this licence.

1.8 Appeals

Under Regulation 3(1) of the Marine Licensing Appeals (Scotland) Regulations 2011 a person who has applied for a marine licence may by summary application appeal to against a decision taken by the Licensing Authority under section 71(1)(b) or (c) or (5) of the Act.

3.1.2 The Licensee must ensure that the Licensed Activity does not encroach on any recognised anchorage, either charted or noted in nautical publications, within the licensed area.

3.1.3 In the event of any breach of health and safety or environmental obligations relating to the Licensed Activity during the period of the licence, the Licensee must provide written notification of the nature and timing of the incident to the Licensing Authority within 24 hours of the incident occurring. Confirmation of remedial measures taken and/or to be taken to rectify the breach must be provided, in writing, to the Licensing Authority within a period of time to be agreed by the Licensing Authority.

3.1.4 The Licensee must notify Source Data Receipt, The Hydrographic Office, Admiralty Way, Taunton, Somerset, TA1 2DN (e-mail: sdr@ukho.gov.uk; tel.: 01823 484444) of the progress upon completion of the the Licensed Activity. Such notification must include a copy of the licence, and wherever possible, 'as built plans', in order that all necessary amendments to nautical publications are made.

3.1.5 If it is desired to display any marks or lights not required by the licence then details must be submitted to the Northern Lighthouse Board and its ruling complied with. The display of unauthorised marks or lights is prohibited.

3.1.6 The Licensee must remove the materials, substances or objects from below the level of Mean High Water Springs, or make such alterations as advised by the Licensing Authority, within one month of notice being given by the Licensing Authority at any time it is considered necessary or advisable for the safety of navigation, and not replaced without further approval by the Licensing Authority. The Licensee shall be liable for any expense incurred.

3.1.7 The Licensee must at all times deposit substances or objects in accordance with the licence, the application and the plans and programmes approved by the Licensing Authority.

3.1.8 The Licensee must ensure that outlying anchor points are not marked with buoys. Alternative means to locate anchors must be used.

3.1.9 The Licensee must ensure that there are no loose floating lines or ropes around site equipment.

3.1.10 Where any damage, destruction or decay is caused to the deposited objects, the Licensee must notify the Licensing Authority, Maritime and Coastguard Agency, Northern Lighthouse Board, Kingfisher Information Services of Seafish and the UK Hydrographic Officer, in writing, of such damage, destruction or decay as soon as reasonably practicable but no later than 24 hour after becoming aware of any such damage, destruction or decay.

3.1.11 The Licensee must ensure the deposited objects remain secured to the seabed at all sea state conditions expected in the area.

3.2 Prior to the commencement of the Licensed Activity

3.2.1 The Licensee must provide the name and function of any agent, contractor or sub-contractor appointed to undertake the Licensed Activities, as soon as is reasonably practicable prior to the Licensed Activities commencing.

3.2.2 The Licensee must notify the Licensing Authority in writing of the name and address of any contractor not already listed in Part 2 of the licence being used to carry out any Licensed Activity listed in Part 2 of the licence. Such notification must be received by the Licensing Authority no less than 24 hours before the commencement of the Licensed Activity.

3.2.3 The Licensee must issue a Notice to Mariners in advance of the Commencement of the Licenced Activity, clearly stating the nature and duration of the Licensed Activity.

3.2.4 The Licensee must, at least 5 days before the commencement of the works, issue a local notification to marine users – including fisherman’s organisations, neighbouring port authorities and other local stakeholders – to ensure that they are made fully aware of the Licensed Activity.

3.2.5 The Licensee must complete the Marine Emergency Action Card provided and send it to oeo@mcga.gov.uk prior to commencement of the Licensed Activity.

3.2.6 The Licensee must notify Zone36@hmcg.gov.uk prior to the commencement of the Licensed Activity.

3.2.7 The Licensee must notify the UK Hydrographic Office to permit the promulgation of maritime safety information and updating of nautical charts and publications through the national Notice to Mariners system.

3.3 During the Licensed Activity

3.3.1 The Licensee shall ensure that a log of activities permitted by the licence is maintained on each vessel employed to undertake the deposit activities. The log(s) shall be kept onboard the vessel(s) throughout the deposit activities, and be available for inspection by any authorised Enforcement Officer. The log(s) shall be retained for a period of six calendar months following expiry of the licence, and copies of the log(s) may be requested during that period for inspection by the Licensing Authority. The log(s) shall record in English the following information: a) the name of the vessel; b) the nature and quantity of each substance or object loaded for deposit; c) the date and time of departure from port, and the date and time of arrival at the authorised sea deposit area(s), on each occasion that the vessel proceeds to the designated sea deposit area(s); d) the date, time and position of commencement, and the date, time and position of completion, of each deposit operation; e) the position of the vessel at intervals of not more than [time interval] throughout each deposit operation; f) the course(s) and speed(s) throughout each deposit operation. (Multiple changes may be recorded as ‘various’); g) the weather, including wind strength and direction, sea-state and tidal set throughout each deposit operation; h) the rate of discharge during each deposit operation, if appropriate, and the duration of each deposit operation. (If the rate of discharge is not constant, the maximum and mean rates of discharge should be indicated); i) comments on the deposit operations, including any explanations for delays in the deposit operations; j) the signature of the Master at the foot of each page of the record

3.3.2 The Licensee must ensure that the Licensed Activity is maintained at all times in good repair.

3.3.3 Only those persons acting on behalf of, and authorised by, the agent or the Licensee shall undertake the deposit operations.

3.3.4 The Licensee must ensure that any debris or waste materials arising during the course of the Licensed Activity are removed for disposal at an approved location above the tidal level of Mean High Water Springs.

3.3.5 The Licensee must ensure that a copy of the licence is given to each contractor employed to undertake the licensed Activities. The Licensee must also ensure that copies of the licence and all other relevant documents are available for inspection by any authorised Enforcement Officer at: a) the premises of the Licensee; b) the premises of any agent acting on behalf of the Licensee; and c) site of the Licensed Activity/on board the vessel(s) employed to undertake the Licensed Activities.

3.3.6 In the event of the Licensed Activity being discontinued the materials used or substances and objects deposited under the authority of the licence shall be removed to the satisfaction of the Licensing Authority.

3.3.7 The Licensee must ensure that the site is marked by means of:

- a) a lit yellow pole fitted with a yellow 'X' topmark.
- b) The light should display a character of flashing group four yellow every twelve seconds (Fl (4) Y 12s) with a nominal range of 2 nautical miles and be installed above the 'X' topmark.
- c) The pole should be positioned at the Southwestern corner of the site.
- d) The pole should be 75mm diameter, the 'X' topmark should be 75cm length by 15cm width.

3.3.8 The Licensee must ensure appropriate steps are taken to minimise damage to the seabed by the Licensed Activity.

3.3.9 The Licensee must ensure the seabed is returned to the original profile, or as close as reasonably practicable, following the completion of the Licensed Activity.

3.3.10 The Licensee must ensure a weekly check of the site's marking equipment is performed and records kept of its physical and working status for audit purposes.

3.4 Upon Completion of the Licensed Activity

3.4.1 The Licensee must ensure that any debris or waste materials arising during the course of the Licensed Activity are removed from the site of the works for disposal at an approved location above the tidal level of Mean High Water Springs.

3.4.2 The Licensee must, no later than 14 days following the Completion of the works and/or Licensed Activity notify the Licensing Authority, in writing, of the date of the Completion of the works and/or Licensed Activity.

3.4.3 The Licensee must ensure that appropriate recovery arrangements for all the equipment are in place for decommissioning of the site

3.4.4 The Licensee must notify The Source Data Receipt team, UK Hydrographic Office, Taunton, Somerset, TA1 2DN (Email: sdr@ukho.gov.uk; Tel: 01823 337900) no later than 10 working days after their completion of the

Licensed Activity. The information provided must include: any changes to engineering drawings and/or details of new or changed aids to navigation where applicable.

NOTES

1. You are deemed to have satisfied yourself that there are no barriers, legal or otherwise, to the carrying out of the licensed activity. The issue of the licence does not absolve the licensee from obtaining such authorisations, consents etc which may be required under any other legislation.
2. In the event that the licensee wishes any of the particulars set down in the Schedule to be altered, the licensing authority must be immediately notified of the alterations. It should be noted that changes can invalidate a licence, and that an application for a new licence may be necessary.
