Subject: 003/OW/BOWL - 8: MS LOT to BOWL/MORL: Marine Scotland consultation on the MMMP for MORL and BOWL - Formal Sign Off: 10 October 2014
Attachments: RE: MS LOT to MORL/BOWL: Consultation on the MMMP for MORL and BOWL: 19 May 2014

Liz (and Cat),

Thank you for your email (and that of Marc Browne – attached) requesting final sign off of the "Proposal for a strategic regional Pre-Construction Marine Mammal Monitoring Programme in respect of the BOWL and MORL Wind Farm Developments", revision 4, submitted to MS LOT on 2nd April 2014.

As per the Project Environmental Monitoring Programme ("PEMP") condition contained in the section 36 consents, MS LOT has carried out a consultation on the document with the JNCC, SNH, RSPB Scotland, WDC, ASFB and also with MSS. Comments from each organisation, with the exception of the ASFB, have previously been passed to both BOWL and MORL. The ASFB were invited on 18th June 2014 to comment. To date, no comments have been received.

Please take this email as confirmation that MS LOT, on behalf of the Scottish Ministers, is content no more comments will be received in relation to the proposal. Therefore, MS LOT confirm the approach as detailed in the document is acceptable.

Kind regards
Ali

Alexander Ford

Subject: LF000005: Marine Scotland consultation on the MMMP for MORL and BOWL

Dear Ali

As you are aware Marc Brown is leaving SSE this week. I have taken over management of the marine mammal element of the offshore works. We had our first marine mammal Steering Group meeting last week, Wednesday 24th September. During this meeting one of the major risks flagged was that we had not yet received formal sign off
