Subject: RE: 150721 - Consultation on BOWL's Post Consent Television and Radio Reception Mitigation Plan - MS LOT to the Highland Council

Ali

Thank you for your consultation on the submission relating to Condition 24. This appears to be a pretty comprehensive report which should safeguard against unexpected effects on tv and radio reception to residents along the Caithness coastline.

The success of it will however depend upon details that I didn't pick up on in the report i.e. how do residents know that there is a mechanism for reception issues to be addressed and how and when will BOWL respond to such claims.

It may be I have overlooked this but confirmation of this would be welcomed.

David

Subject: 150721 - Consultation on BOWL's Post Consent Television and Radio Reception Mitigation Plan - MS LOT to the Highland Council

Dear Mr Mudie,

Please find attached a proposed 'Television and Radio Reception Mitigation Plan' (Revision 2 issued 17/07/2015) ("TRRMP") post-consent plan and covering letter addressed to MS-LOT from Beatrice Offshore Windfarm Limited ("BOWL").

The purpose of the TRRMP is to attempt to satisfy the requirement of condition 24 of the Beatrice Offshore Wind Farm section 36 consent awarded to BOWL in March 2014.

(<http://www.gov.scot/Topics/marine/Licensing/marine/scoping/Beatrice>).

The condition states that the plan is to be submitted to the Scottish Ministers for their written approval; following a consultation with the Highland Council. MS LOT hereby asks the Highland
