Dear Ms Sleightholme,

CONSENT UNDER SECTION 36 OF THE ELECTRICITY ACT 1989 (AS AMENDED) TO CONSTRUCT AND OPERATE THE EUROPEAN OFFSHORE WIND FARM DEPLOYMENT CENTRE

CONDITION 8

On 23 June 2016 Marine Scotland Licensing Operations Team ("MS-LOT") received a letter from NATS (En-Route) plc confirming that the mitigation agreed with Aberdeen Offshore Wind Farm Limited has now been implemented to their satisfaction. This letter also confirms that NATS have given their written confirmation that the turbines can be erected in accordance with the condition.

The requirements of condition 8, regarding the Radar Mitigation Scheme, have been fulfilled and the written confirmation from NATS Safeguarding is sufficient to discharge the condition. MS-LOT, on behalf of the Scottish Ministers, therefore confirm that condition 8 of the section 36 Consent is now discharged.

Yours sincerely

Mark Christie
