Dear Jessica,

European Offshore Wind Deployment Centre Section 36 Consent Condition 18.

Please find enclosed for approval the Construction Noise Management Plan (CNMP) prepared on behalf of Aberdeen Offshore Wind Farm Ltd (AOWFL).

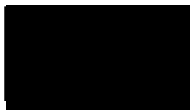

The purpose of the CNMP is to provide the regulatory authority with details of the procedures for management of airborne noise at the nearest residential properties, on the adjacent coastline, during the construction of the Development and in respect of the offshore construction activities.

It is considered that the enclosed CNMP is sufficient to satisfy the requirements of Section 36 Consent Condition 18, providing that the CNMP is implemented as approved.

We would be grateful if MS-LOT, on behalf of the Scottish Ministers, could please confirm in writing, following consultation, their approval of the enclosed CNMP and that in this respect Section 36 Consent Condition 18 is fully discharged.

Should MS-LOT or consultees have any comments on the enclosed CNMP, we would welcome them at your earliest convenience.

Yours sincerely,

Esther Villoria

Environment and Consents Manager
