Dear Jessica,

European Offshore Wind Deployment Centre Marine Licence Section 36 Consent Condition 13 (f) and Marine Licence Condition 3.1.11.

Please find enclosed for approval the Marine Pollution Contingency Plan (MPCP) prepared on behalf of Aberdeen Offshore Wind Farm Ltd (AOWFL).

The purpose of the MPCP is to provide the regulatory authority with details of the provisions made in respect of spill and collision incidents occurring during the construction and operation of the Development.

It is considered that the enclosed MPCP is sufficient to satisfy the requirements of the Section 36 Consent Condition 13 (f) and Marine Licence Condition 3.1.11, providing that the MPCP is implemented as approved.

We would be grateful if MS-LOT, on behalf of the Scottish Ministers, could please confirm in writing, following consultation, their approval of the enclosed MPCP and that in this respect Marine Licence Conditions 3.1.11 is fully discharged.

Should MS-LOT or consultees have any comments on the enclosed MPCP, we would welcome them at your earliest convenience.

Yours sincerely,

Esther Villoria

Environment and Consents Manager
