Hello Jessica,

Again with this particular part of the development having a limited effect on Aberdeen City and other bodies such as yourselves at Marine Scotland involved in the process we (the Environmental Policy team at ACC) are unable to prioritise this for comment.

Kind regards,
Gordon

Subject: Re: END CONSULTATION - Aberdeen Offshore Wind Farm Limited – Acoustic Doppler Current Profilers

Dear Jessica,

Apologies for the delay. I have no objections but the applicant may wish to consider adding a frame to protect it from trawling gear.

Regards

Nick

Dear Jessica,

MARINE (SCOTLAND) ACT 2010, PART 4 MARINE LICENSING

We are in receipt of your email dated 14 June 2017 and the application submitted by **Aberdeen Offshore Wind Farm Ltd** to deploy three Acoustic Doppler Current Profilers within the location of the European Offshore Wind Deployment Centre and its associated Cable Corridor.

We note that the intention is to deploy the current data gathering devices for a period of 14 days only, with the intention for possibly one month. NLB have no objection to the deployment of the ADCP devices.

We would require that the mariner is informed of the deployment method, vessels engaged and the timescale of these operations through local Notice(s) to Mariners and that Aberdeen Harbour is consulted regarding the deployment.

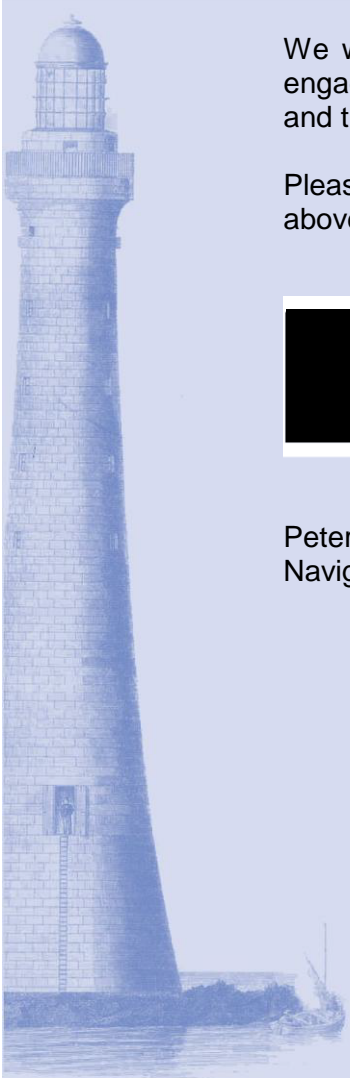

Please advise if we can be of any further assistance, or if clarification of any of the above is required.

Peter Douglas
Navigation Manager

Dear Ms Drew

**MARINE (SCOTLAND) ACT 2010, PART 4 MARINE LICENSING
06359 – ABERDEEN OFFSHORE WIND FARM LIMITED
ACOUSTIC DOPPLER CURRENT PROFILERS**

Thank you for your consultation email which SEPA received on 16 June 2017 in relation to the above licence proposal.

To assist with streamlining the consultation process, we now focus our site specific advice where we can add best value in terms of enabling good development and protecting Scotland's environment.

We consider this consultation is adequately covered by our standing advice. Please therefore refer to our standing advice on marine consultations within guidance document [SEPA standing advice for The Department of Energy and Climate Change and Marine Scotland on marine consultations](#).

If, after consulting this guidance, you still require our comment on some site specific issue which is not adequately dealt with by the standing advice, then we would welcome the opportunity to be re-consulted. Please note that the site specific issue on which you are seeking our advice must be clearly indicated in the body of the consultation email or letter.

Further information on our consultation arrangements generally can be found in [How and when to consult SEPA](#).

If you have any queries relating to this letter, please contact me by telephone on 01224 266636 or by e-mail to planning.aberdeen@sepa.org.uk.
