25 July 2017

Dear Mr Delp,

MARINE (SCOTLAND) ACT 2010

MARINE AND COASTAL ACCESS ACT 2009 (AS AMENDED)

The Marine Works (Environmental Impact Assessment) Regulations 2007 (as amended)

MARINE LICENCE TO CONSTRUCT AND OPERATE THE HYWIND SCOTLAND PILOT PARK WINDFARM IN THE BUCHAN DEEP, OFF PETERHEAD.

Thank you for your correspondence dated 11th July 2017 providing the identity and credentials of the proposed Fisheries Liaison Officer ("FLO") relating to the windfarm detailed above. Acceptance of this appointment will satisfy the requirements of condition 3.2.2.14. of the Hywind Scotland Pilot Park Marine Licence (Licence Number: 05515/16/0).

Marine Scotland Licensing Operations Team ("MS-LOT"), as the Licensing Authority on behalf of the Scottish Ministers, have consulted with the Scottish Fishermen's Federation on the appointment of the FLO. On 21st March 2017, MS-LOT received correspondence confirming that the Scottish Fishermen's Federation ("SFF") are in agreement that an offshore FLO is not required during the construction works when a guard vessel, which can have direct contact with fishing vessels in the area (e.g. during suction anchor and mooring chain installation and during tow out and hook up of turbines), is present at the Site. The SFF also agreed that an offshore FLO will be engaged through SFF during the cable installation works and that an onshore FLO will remain present during the construction works.

Marine Scotland Licensing Operations Team can confirm that Hywind (Scotland) Limited has discharged condition 3.2.2.14. of the Hywind Scotland Pilot Park Marine Licence (Licence Number: 05515/16/0).

Yours sincerely,

Roger May
Marine Scotland Licensing Operations Team
