22nd November 2017

Dear Ms Villoria,

MARINE (SCOTLAND) ACT 2010, PART 4 MARINE LICENSING

MARINE LICENCE 06359/17/1, ACOUSTIC DOPPLER CURRENT PROFILERS (“ADCPs”),

Condition 12, No radio beacon or radar beacon operating in the marine frequency bands is installed or used on the works without the prior written approval of the licensing authority.

Condition 16, Copies of the licence must be available for inspection

Thank you for your correspondence of 7th of November 2017, regarding condition 12 and condition 16 of the Acoustic Doppler Current Profilers (“ADCPs”) Marine Licence (licence number 06359/17/1).

In the correspondence you have stated that *“AOWFL can confirm that no radio beacon or radar beacon operating in the marine frequency bands was installed or used on the Licenced works. Please accept this email as a formal request from AOWFL to discharge Condition 12.”*

With regard to condition 16, you have also included the following statement *“AOWFL can confirm that Licence 06359/17/0 was available for inspection at the premises of AOWFL, Partrac Ltd, Boskalis, and aboard the vessel engaged in the works. Please accept this email as a formal request from AOWFL to discharge Condition 16.”*

MS-LOT, on behalf of the Scottish Ministers, can confirm that based on the information provided, Vattenfall at the European Offshore Wind Deployment Centre (“EOWDC”) is in compliance with condition 12 and condition 16 of the ADCP Marine Licence (licence number: 06359/17/1) and this evidence is also sufficient to fully discharge the aforementioned conditions.

Yours sincerely,

Jessica Drew
Marine Scotland Licensing Operations Team
