

Marine Licence Application for Finfish and Shellfish Farms

Version 1.0

Marine (Scotland) Act 2010

It is the responsibility of the applicant to obtain any other consents or authorisations that may be required.

Under Section 54 of the Marine (Scotland) Act 2010, all information contained within and provided in support of this application will be placed on a Public Register. There are no national security grounds for application information not going on the Register under the 2010 Act.

Public Register

Do you consider that any of the information contained within or provided in support of this application should not be disclosed:

- (a) for reasons of national security; YES NO
- (b) for reasons of confidentiality of commercial or industrial information where such confidentiality is provided by law to protect a legitimate commercial interest? YES NO

If YES, to either (a) or (b), please provide full justification as to why all or part of the information you have provided should be withheld.

WARNING

It is an offence under the Act under which this application is made to fail to disclose information or to provide false or misleading information.

Target duration for determination is 14 weeks. Please note that missing or erroneous information in your application and complications resulting from consultation may result in the application being refused or delayed.

Marine licence applications will not be accepted unless accompanied by a cheque for the correct application fee, or if an invoice is requested, until that invoice is settled. Target timelines for determining applications do not begin until the application fee is paid.

Declaration

I declare to the best of my knowledge and belief that the information given in this form and related papers is true.

(g) Is the marine farm located within the jurisdiction of a statutory harbour authority YES NO

If YES, please specify statutory harbour authority:

(h) Potential impacts the works may have on navigation and proposed mitigation in response to potential impacts (continue on separate sheet if necessary):

Although any boating in the area is unlikely a special mark buoy will be positioned at the north end of the site to help mitigate against any potential navigational issue

6. Planning Permission

Do you have planning permission for the marine farm?
If YES, please supply a copy of the planning permission

YES NO

If NO, please provide details of planning application, including reference number:

Marine licence applications will not be determined without valid planning permission.

7. Scotland's National Marine Plan

Have you considered the application with reference to Scotland's National Marine Plan?

YES NO

If YES, provide details of considerations made including reference to the policies that have been considered:

Throughout the planning process Kildonan bay oysters has been keen to show how aware we are of not only the environment but the local economy. the whole business is built around a low impact farm that produces a sustainable product whilst in turn creating employment and opportunities for not only ourselves but other members of a small community that work is not readily available in. we believe that this is in keeping with the national marine plans visions and objectives for aquaculture in the UK, as with the general planning principle all development and working of the site will be within the permissions granted to ensure a sustainable growth and a good relationship with all concerned.

Aquaculture objectives and policies have and will be followed. SNH consultation proved beneficial in lowering the visual impact of the site through discussions and use of their guides. Kildonan bay oysters will keep up to date with all relevant information or changes to policies and work with all bodies to ensure high standards and good practice.

If **NO**, please provide an explanation of why you haven't considered the National Marine Plan?

8. Consultation

List all bodies you have consulted and provide copies of correspondence:

ISLE OF EIGG HERITAGE TRUST
HIGHLAND COUNCIL
SNH
MARINE SCOTLAND SCIENCE
SEPA
LIGHTHOUSE BOARD

9. Associated Works

Provide details of other related marine projects, including reference/licence numbers (if applicable):
