6. Scotland's National Marine Plan

Have you considered the application with reference to Scotland's National Marine Plan?

YES NO

If YES, provide details of considerations made including reference to the policies that have been considered:

These are existing sites, two of which pre-date our ownership. Lobster pitting and sea fishing has been conducted in the bay for hundreds of years: see www.hebrideanconnections.com/locations/106039 and the book An Trosadh by John Macdonald. Considering the general planning principles: Gen 2: These are not development sites, it is formalisation of pre-existing sites two of which date back hundreds of years. Gen 2, + 3, sea fishing adds to the letting's potential to the house at Tainnabhagh which attracts people to the remote islands and provides employment and local spending. Gen 4. There is no commercial aquaculture / oil + gas / offshore renewables or any commercial marine activity for 30 miles in any direction.

If NO, please provide an explanation of why you haven't considered the National Marine Plan?

7. Consultation

List all bodies you have consulted and provide copies of correspondence:

8. Associated Works

Provide details of other related marine projects, including reference/licence numbers (if applicable):
