- c) The poles must be positioned at the North Eastern and South Eastern seaward corners of the cage group.
 - d) Each light must be 1 metre above the site equipment handrails and installed to be clearly seen by vessels approaching from all navigable directions.
 - e) Poles must be ≥ 75 mm diameter, the 'X' topmark should be ≥ 75 cm length by 15cm width.
 - f) The feed barge must exhibit an all-round fixed white light with a nominal range of 2 nautical miles from a point at least 1 metre above any other obstruction.
12. The licensee must ensure that the navigation marking and lighting given in condition 11 are installed at the same time as the licensed objects and continued unless and until the licensing authority rescind this direction.
 13. The licensee must ensure that a weekly check of the marking and lighting equipment is made and records kept of its physical state for audit purposes.
 14. If it is desired to display any marks or lights not required by this licence then details must be submitted to the Northern Lighthouse Board and their ruling complied with. The display of unauthorised marks or lights is prohibited.
 15. The licensee must ensure that the licensed objects are maintained at all times in good repair.
 16. The licensee must ensure that no deviation from the schedule specified in the licence is made without the further written approval of the licensing authority.
 17. The licensee must adopt measures to prevent the introduction and spread of invasive non-native species at and to the site.
 18. If in the opinion of the licensing authority the assistance of a Government Department, including the broadcast of navigational warnings, is required to deal with any emergency arising from:
 - a) The failure to mark and light the licensed objects as required by licence.
 - b) The maintenance of the licensed objects.
 - c) The drifting or wreck of the licensed objects.

The licensee shall be liable for any expenses incurred in securing such assistance.
 19. In the event of the licensed activity being discontinued the licensed objects must be removed and the site cleared to the satisfaction of the licensing authority.
 20. The licensee must remove the licensed objects from below the level of Mean High Water Springs, or such alterations made, within one month of notice being given by the licensing authority at any time it is considered necessary or advisable for the safety of navigation, and not replaced without further approval of the licensing authority. The licensee shall be liable for any expense incurred.
 21. Any person authorised by the licensing authority must be permitted to inspect the site at any reasonable time.

SCHEDULE TO LICENCE NUMBER: 07169/20/0

DATED: 21 January 2020

- a) the premises of the licensee;
 - b) the premises of any agent acting on behalf of the licensee; and
 - c) the site of the licensed activity. (leave in for finfish farms)
23. In the event of the licensee becoming aware that any of the information on which the issue of the licence was based has changed, the licensing authority must be immediately notified of the details.
24. If a new licence is required, the licensee must make an application at least fourteen weeks before the expiry date of this licence. **This licence shall not continue in force after the expiry date of 19 December 2025.**

NOTES

1. You are deemed to have satisfied yourself that there are no barriers, legal or otherwise, to the carrying out of the licensed activity. The issue of the licence does not absolve the licensee from obtaining such authorisations, consents etc which may be required under any other legislation.
2. In the event that the licensee wishes any of the particulars set down in the Schedule to be altered, the licensing authority must be immediately notified of the alterations. It should be noted that changes can invalidate a licence, and that an application for a new licence may be necessary.
3. Under Section 30 of the Marine (Scotland) Act 2010, the licensing authority may vary, suspend or revoke the licence, if it appears to the licensing authority that there has been a breach of any of the provisions of the licence or for any other reason that appears to be relevant to the licensing authority.
4. Under Section 39 of the Marine (Scotland) Act 2010, it is an offence to carry on a licensable marine activity or cause or permit any other person to carry on such an activity without a marine licence or fails to comply with any condition of a marine licence. It is a defence for a person charged with an offence under Section 40 in relation to any activity to prove that the activity was carried out for the purpose of saving life, or for the purposes of securing the safety of a vessel, aircraft or marine structure (*'force majeure'*), and that the person took steps within a reasonable time to provide full details of the incident to the licensing authority. (Under Annex II, Article 7 of the Convention for the Protection of the Marine Environment of the North-East Atlantic, the licensing authority is obliged to immediately report *'force majeure'* incidents to the Convention Commission).
