**Moray Offshore Renewables Limited (Telford Offshore Wind Farm, Stevenson Offshore Wind Farm and MacColl Offshore Wind Farm formerly MORL, now Moray Offshore Windfarm (East) Limited “Moray East”)**

**Section 36 Consents (as varied): Conditions 9 and 10**

**Marine Licence (Licence Number 06357/17/1): Conditions 3.2.2.3 and 3.2.2.4 (collectively referred to as “the Conditions”)**

Thank you for your correspondence requesting that Marine Scotland Licensing Operations Team (MS-LOT), give its written approval to the updated Construction Programme (CoP) and Construction Method Statement (CMS), issued on 30/01/2020.

Previous versions of the CoP & CMS (issued 27 September 2018 and 24 April 2019), received consent and regulatory approval from MS-LOT, on behalf of the Scottish Ministers, in a letters dated 2 November 2018 and 30 April 2019 which deemed it sufficient to fully discharge the Conditions, subject to it being fully implemented.

MS-LOT, on behalf of the Scottish Ministers, has consulted with Scottish Natural Heritage (SNH), Scottish Environment Protection Agency (SEPA), Aberdeenshire Council, The Moray Council, the

Maritime and Coastguard Agency (MCA) and the Northern Lighthouse Board (NLB). The Royal Society for the Protection of Birds (RSPB) and The Highland Council were also consulted but did not provide a response to the consultation at this time.

I can confirm that the updated CoP & CMS fulfils the requirements of, and is sufficient to discharge the Conditions, subject to it being fully implemented.

MS-LOT, on behalf of Scottish Ministers, therefore confirms its approval of the updated CoP & CMS (issued 30/01/2020). Any further updates or amendments made to the CoP & CMS (including updates to any of its appendices), must be submitted in writing by Moray East to the Scottish Ministers for its written approval prior to the planned implementation of the proposed amendments or updates.

Yours sincerely,

Debbie England
