In agreement with SNH and MS-LOT during consultation, viewpoint photography for this VP taken in 2011 by the FTOWDG for the SLVIA assessments of Inch Cape, Neart na Gaoithe and Firth of Forth (Seagreen) has been reused for this SLVIA where no substantial change in the baseline context was observed during fieldwork carried out in 2017.

Viewpoint Description

This viewpoint is located on an elevated part of the centre of the island, just south east of the Isle of May Lighthouse.

Existing View

This image provides landscape and visual context only

A wide panoramic photograph of a coastal landscape. In the foreground, a steep, grassy cliff with exposed reddish-brown soil drops down to a rocky shoreline. A long, low stone wall runs horizontally across the middle ground. Beyond the wall, the sea is visible under a blue sky with scattered clouds. In the far distance, a small town and a prominent hill are visible on the horizon.
