

Marine Licence Application for Finfish and Shellfish Farms

Version 1.0

Marine (Scotland) Act 2010

Acronyms

Please note the following acronyms referred to in this application form:

MHWS	Mean High Water Springs
MS-LOT	Marine Scotland – Licensing Operations Team
WGS84	World Geodetic System 1984

Explanatory Notes

The following numbered paragraphs correspond to the questions on the application form and are intended to assist in completing the form. These explanatory notes are specific to this application and so you are advised to read these in conjunction with the Marine Scotland Guidance for Marine Licence Applicants document.

1. Applicant Details

The person making the application who will be named as the licensee.

2. Agent Details

Any person acting under contract (or other agreement) on behalf of any party listed as the applicant and having responsibility for the control, management or physical deposit or removal of any substance(s) or object(s).

3. Payment

Indicate payment method. Cheques must be made payable to: The Scottish Government.

Marine licence applications will not be accepted unless accompanied by a cheque for the correct application fee, or if an invoice is requested, until that invoice is settled. Target timelines for determining applications do not begin until the application fee is paid.

4. Application Type

Indicate if the application is for a new marine farm site or an existing marine farm site. Provide the existing or previous consent/licence number and expiry date if applicable.

5. Marine Farm Details

- (a) Indicate the type of marine farm, either finfish or shellfish.
- (b) Indicate the deposits of marine farm component parts/equipment as a number (e.g 4 ring cages). Provide details of any component parts/equipment not included in the list and specify the quantity as a number.
- (c) If applicable, indicate the removals of marine farm component parts/equipment as a number (e.g 4 ring cages). Provide details of any component parts/equipment not included in the list and specify the quantity as a number.
- (d) Provide the proposed start date for installation of the marine farm. The start date will not be backdated, since to commence a project for which a licence has not been obtained will constitute an offence, which may result in appropriate legal action. A licence is normally valid for 6 years. **Target duration for determination of a marine licence application is 14 weeks.**
- (e) Provide the cost of the works seawards of the tidal limit of MHWS. This estimate should only cover work taking place below the tidal level of MHWS and must take into consideration the cost of materials, labour fees etc.
- (f) Describe the location of the proposed works. Include a list of the latitude and longitude co-ordinates (WGS84) of the boundary points of the moorings area and for each of the component parts of the marine farm, including sub-surface equipment. WGS84 is the World Geodetic System 1984 and the reference co-ordinate system used for marine licence applications. Co-ordinates taken from GPS equipment should be set to WGS84. Coordinates taken from recent admiralty charts will be on a WGS84 compatible datum. Ordnance survey maps do not use WGS84.

Example: For positions read from charts the format should be as in the example: 55°55.555'N 002°22.222'W (WGS84). The decimal point specifies that decimals of minutes are used and the datum is stated explicitly. If seconds are used then the format should be as in the example: 55°55'44"N 2°22'11"W (WGS84).

It is important that the correct positions, in the correct format, are included with this application, as any errors will result in the application being refused or delayed.

To supplement your application, please provide a suitably scaled extract of an Ordnance Survey Map (1:2,500 scale but not more than 1:10,000) or Admiralty Chart which must be marked to indicate:

- the full extent of the works in relation to the surrounding area;
- latitude and longitude co-ordinates defining the location of the works;
- the level of MHWS;

Drawings and plans will be consulted upon. If they are subject to copyright, **it is the responsibility of the applicant to obtain necessary approvals to reproduce the documents and to submit suitably annotated copies with the application.**

- (g) Indicate if the marine farm is located within the jurisdiction of a statutory harbour authority and provide details of the statutory harbour authority where relevant.
- (h) Provide assessment of the potential impacts the works may have on navigation, including interference with other uses of the sea.

Where there are potential impacts from the works, please provide details of proposed mitigation in response to potential impacts.

6. Planning Permission

Indicate if you have, or if you are in the process of applying for, planning permission for the marine farm. Provide the reference number for the planning application if applicable and/or supply a copy of the planning permission along with the completed application form.

Marine licence applications will not be determined without valid planning permission.

7. Scotland's National Marine Plan

Scotland's National Marine Plan has been prepared in accordance with the EU Directive 2014/89/EU, which came into force in July 2014. The Directive introduces a framework for maritime spatial planning and aims to promote the sustainable development of marine areas and the sustainable use of marine resources. It also sets out a number of minimum requirements all of which have been addressed in this plan. In doing so, and in accordance with article 5(3) of the Directive, Marine Scotland have considered a wide range of sectoral uses and activities and have determined how these different objectives are reflected and weighted in the marine plan. Land-sea interactions have also been taken into account as part of the marine planning process. Any applicant for a marine licence should consider their proposals with reference to Scotland's National Marine Plan. A copy of Scotland's National Marine Plan can be found at: <http://www.gov.scot/Publications/2015/03/6517/0>

Indicate whether you have considered the project with reference to Scotland's National Marine Plan and provide details of considerations made including reference to the policies that have been considered. If you have not considered the project with reference to Scotland's National Marine Plan please provide an explanation.

8. Consultation (other than carried out under pre-application consultation)

Provide details of all bodies consulted and give details of any consents issued including date of issue.

9. Associated Works

Indicate whether the application is associated with any other marine projects (e.g. pontoon, moorings etc). If this is the case, provide reference/licence number for the related marine projects.

Marine Licence Application for Finfish and Shellfish Farms

Version 1.0

Marine (Scotland) Act 2010

It is the responsibility of the applicant to obtain any other consents or authorisations that may be required.

Under Section 54 of the Marine (Scotland) Act 2010, all information contained within and provided in support of this application will be placed on a Public Register. There are no national security grounds for application information not going on the Register under the 2010 Act.

Public Register

Do you consider that any of the information contained within or provided in support of this application should not be disclosed:

(a) for reasons of national security; YES NO

(b) for reasons of confidentiality of commercial or industrial information where such confidentiality is provided by law to protect a legitimate commercial interest? YES NO

If **YES**, to either (a) or (b), please provide full justification as to why all or part of the information you have provided should be withheld.

WARNING

It is an offence under the Act under which this application is made to fail to disclose information or to provide false or misleading information.

Target duration for determination is 14 weeks. Please note that missing or erroneous information in your application and complications resulting from consultation may result in the application being refused or delayed.

Marine licence applications will not be accepted unless accompanied by a cheque for the correct application fee, or if an invoice is requested, until that invoice is settled. Target timelines for determining applications do not begin until the application fee is paid.

Declaration

I declare to the best of my knowledge and belief that the information given in this form and related papers is true.

Signature

[Redacted Signature]

Date

181120

Name in BLOCK LETTERS

CLAIRE LUMLEY-HOLMES

Application Check List

Please check that you provide all relevant information in support of your application, including but not limited to the following:

- Completed and signed application form
- Project Drawings
- Maps/Charts
- Co-ordinates of the boundary points of the area of harbour jurisdiction (if you are a statutory harbour authority)
- Copy of planning permission (if applicable)
- Additional information e.g. photographs, consultation correspondence (if applicable)
- Payment (if paying by cheque)

1. Applicant Details

Title: Initials: Surname:

Trading Title (if appropriate): **Mowi Scotland Limited**

Address: Farms Office, Glen Nevis Business Park, Fort William, PH33 6RX

Name of contact (if different):

Telephone No. (inc. dialing code):

Email:

Statutory Harbour Authority? YES NO

If **YES**, please provide a list of the latitude and longitude co-ordinates (WGS84) of the boundary points of the area of harbour jurisdiction using Appendix 01 Additional Co-ordinates form if necessary.

2. Agent Details (if any)

Title: **Miss** Initials: **C** Surname: **Lumley-Holmes**

Trading Title (if appropriate):

Address: As above - aquaculture is classed as an essential industry however please note email is preferred during the COVID period as homeworking is encouraged.

Name of contact (if different):

Telephone No. (inc. dialing code):

Email: **claire.lumley-holmes@mowi.com**

3. Payment

Enclosed Cheque Invoice

Contact and address to send invoice to:

Applicant Agent Other

If **OTHER**, please provide contact details:

Title: Initials: Surname:

Address:

Email:

4. Application Type

Is this application for a new marine farm site or an existing marine farm site:

New Site Existing Site

If an **EXISTING SITE**, please provide the consent/licence number and expiry date:

Consent/Licence Number	Expiry Date
07249/20/0	29 April 2026

5. Marine Farm Details

(a) Type of marine farm:

Finfish Shellfish

(b) **Deposits** of component parts/equipment:

Component Parts/Equipment	Quantity	Dimensions (metres)
Ring cages	10	160m circumference
Square pens		
Longlines		
Feed barges	1	Akvamaster Comfort 450
Feedpipes (to shore)		
Grid moorings	24	90m matrix grid
Boat moorings		
Rafts		
Pontoons		
Marked Buoys	35	see attached plans for mooring lengths. 40 mooring lines, but moorings reaching land will not have buoys.
Other (please specify)		

(c) **Removals** of component parts/equipment (if applicable):

Component Parts/Equipment	Quantity	Dimensions (metres)
Ring cages	16	120m circumference
Square pens		
Longlines		
Feed barges	n/a	to be retained
Feedpipes (to shore)		
Grid moorings	32	75m matrix grid
Boat moorings		
Rafts		
Pontoons		
Marked Buoys	30	see attached plans for mooring lengths
Other (please specify)		

(d) Proposed start date (Target duration for determination of a marine licence application is 14 weeks):

asap

(e) Cost of the works seawards of the tidal limit of MHWS:

£ > £5,000 - ≤ £50,000

(f) Location:

Mowi Scotland Limited, Seaforth and Noster Fish Farm, Loch Seaforth, Isle of Lewis
Centres - 57° 56.086354' - 6° 40.986433' & 57° 55.794129' - 6° 40.700741'
detailed coordinates provided with at the end of the location and site plans attached with the form

Latitude and Longitude co-ordinates (WGS84) defining the boundary points of the moorings area and each of the component parts, including sub-surface equipment, of the marine farm (continue on Appendix 01 Additional Co-ordinates form if necessary):

Latitude										Longitude										
Moorings Area																				
s	e	°	e	.	a	p	p	'	N	e	n	d	°	i	x	.	0	1	'	W
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W
Cage Group Area/Longline Position(s)																				
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W
Feedbarge/Feedpipe Position(s)																				
		°		.				'	N		-		°			.			'	W
		°		.				'	N				°			.			'	W
Boat Mooring Position(s)																				
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W
Raft Position(s)																				
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W
Pontoon Position(s)																				
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W
Marked Buoy Position(s)																				
		°		.				'	N				°			.			'	W
		°		.				'	N				°			.			'	W

(g) Is the marine farm located within the jurisdiction of a statutory harbour authority YES NO

If YES, please specify statutory harbour authority:

(h) Potential impacts the works may have on navigation and proposed mitigation in response to potential impacts (continue on separate sheet if necessary):

Potential risk of collision and exclusion.

The site will be lit and marked as per The Northern Lighthouse Board's recommendations to make other marine users aware of the equipment in situ. The NLB are consulted by the Local Planning Authority as part of the planning process.

The farm is located near to the western coastline maintaining a safe means of passage to the north. The farm maintains the existing location but the revised equipment will extend slightly further northeast into deeper water, other changes are negligible.

6. Planning Permission

Do you have planning permission for the marine farm?
If **YES**, please supply a copy of the planning permission

YES NO

If **NO**, please provide details of planning application, including reference number:

A planning application has been submitted to the Local Planning Authority and is pending determination (due in January). We request that the Marine Licence process, including consultation, is not delayed/put on hold pending planning permission to enable a determination prior to stocking in Spring 2021. Ref. 20/00454 & Ref. 20/00453

Marine licence applications will not be determined without valid planning permission.

7. Scotland's National Marine Plan

Have you considered the application with reference to Scotland's National Marine Plan?

YES NO

If **YES**, provide details of considerations made including reference to the policies that have been considered:

The premise of the development is to support the management of fish health and welfare by primarily modernising the equipment design and moving to fewer larger pens.

Consideration has been given to Scotland's National Marine Plan in reference to this application.

The plan outlines 7 objectives and 14 policies relating to aquaculture, all of which have been given consideration as part of this process.

Details of which are as follows:

- 1 to 8 – The location of the site in this application has been considered and is felt to be appropriate. All necessary modeling has been carried out and the site has been found to be within all relevant limits.
- 5 – A Landscape assessment has been carried out as part of the planning application process.
- 9 - Emergency response plans are in place for the site.
- 10 - Consultation and community engagement has been carried out as part of all significant applications, and formal consultation processes exist as part of the planning process.
- 11 - Equipment attestation for all installations are in place. There is a continued focus on reducing greenhouse gas emissions at all of our operations.
- 12 - Biological controls for sea lice (cleaner fish are utilised at all Mowi sites)
- 13 - Marine Harvest farm two species of cleaner fish and support multi-trophic farming as well as possible shellfish collaborations.
- 14 - Community benefits by maintaining the existing jobs at the farm and part of the wider community support program.

If **NO**, please provide an explanation of why you haven't considered the National Marine Plan?

8. Consultation

List all bodies you have consulted and provide copies of correspondence:

All relevant statutory bodies were or will be consulted as part of the planning application.

SEPA, SNH, Marine Scotland Science, Marine Scotland Licensing, the Military of Defence, Commercial Fisheries organisations, and Wild Fisheries organisations have all been considered as part of the pre-app, screening, and application processes that are undertaken as part of the planning process.

9. Associated Works

Provide details of other related marine projects, including reference/licence numbers (if applicable):

Not applicable.
