## Marine Licence Application for Pontoons

---

Version 1.0

### Marine (Scotland) Act 2010

It is the responsibility of the applicant to obtain any other consents or authorisations that may be required.

Under Section 54 of the Marine (Scotland) Act 2010, all information contained within and provided in support of this application will be placed on a Public Register. There are no national security grounds for application information not going on the Register under the 2010 Act.

#### Public Register

Do you consider that any of the information contained within or provided in support of this application should not be disclosed:

- (a) for reasons of national security; YES  NO
- (b) for reasons of confidentiality of commercial or industrial information where such confidentiality is provided by law to protect a legitimate commercial interest? YES  NO

If YES, to either (a) or (b), please provide full justification as to why all or part of the information you have provided should be withheld.

## WARNING

It is an offence under the Act under which this application is made to fail to disclose information or to provide false or misleading information.

Target duration for determination is 14 weeks. Please note that missing or erroneous information in your application and complications resulting from consultation may result in the application being refused or delayed.

Marine licence applications will not be accepted unless accompanied by a cheque for the correct application fee, or if an invoice is requested, until that invoice is settled. Target timelines for determining applications do not begin until the application fee is paid.

The works will take place within the harbour basin which is an existing working habitat, there fore there are no concerns to any habitats in the area. The main anticipated impact of the works is the increased berth space to meet demand.

#### 6. Scotland's National Marine Plan

Have you considered the application with reference to Scotland's National Marine Plan?

YES  NO

If YES, provide details of considerations made with reference to the policies, including but not limited to General Policy 7 (GEN 7), that have been considered:

Regarding the General Policy of the plan, the proposed works are in the interest of local development by providing additional berth space in the harbour to meet local demand. This will support the local fishing trade and commercial leisure craft. There will also be a berth reserved for visiting craft.

Regarding the policy on Sustainable Development, the project promotes growth on industry in and around the harbour.

There is also a safety aspect to the works. If there aren't enough berth space at along the quay wall, the boats will double and triple berth along side one another to access the wall ladders. This then means that the personnel jump between boats to move between their boat and the quayside.

If NO, please provide an explanation of why you haven't considered the National Marine Plan?

**7. Pre-Application Consultation**

Is the application subject to pre-application consultation, under The Marine Licensing (Pre-application Consultation) (Scotland) Regulations 2013?
