Date: 13 January 2022

Dear Amy,

MARINE (SCOTLAND) ACT 2010, PART 4 MARINE LICENSING

Thank you for your email requesting approval from Marine Scotland-Licensing Operations Team (“MS-LOT”) for revision 10 of the European Offshore Wind Deployment Centre Marine Pollution Contingency Plan (“MPCP”) submitted on 13 January 2022.

MS-LOT on behalf of the Scottish Ministers can confirm that the revised MPCP is in line with condition 3.1.11 of marine licence MS-00008967.

A previous version of MPCP received multi-stage and regulatory consent from MS-LOT on behalf of the Scottish Ministers in a letter dated 08 September 2017 and subsequent versions have since been approved. The most recent approval was given on 26 October 2021 for revision 9 of the MPCP.

MS-LOT, on behalf of the Scottish Ministers, therefore confirms its approval of the revised MPCP, version 10, submitted 11 January 2022. Any further updates or amendments made to the MPCP (including updates to any of its appendices), must be submitted in writing by or on behalf of Aberdeen Offshore Wind Farm Limited to the Scottish Ministers for written approval prior to the planned implementation of the proposed amendments or updates.

Yours sincerely,

Stephanie Sweeting
MS-LOT
