Dear Ms Gilchrist,

SEAGREEN BRAVO OFFSHORE WIND FARM, FIRTH OF FORTH

AUTHORISATION FOR THE ASSIGNATION OF A CONSENT GRANTED IN ACCORDANCE WITH SECTION 36 OF THE ELECTRICITY ACT 1989 AND TRANSFER OF MARINE LICENCE IN ACCORDANCE WITH SECTION 30(8) OF THE MARINE (SCOTLAND) ACT 2010 AND SECTION 72(7) OF THE MARINE AND COASTAL ACCESS ACT 2009

We refer to the letter and enclosures received from Pinsent Masons on 09 October 2019 requesting the assignation of the Seagreen Bravo Offshore Wind Farm Section 36 Consent and transfer of marine licence 04677/18/0 from Seagreen Bravo Wind Energy Limited to Seagreen Alpha Wind Energy Limited.

Please find enclosed letter addressed to Seagreen Alpha Wind Energy Limited (Assignee). A letter in identical terms has also been sent to Pinsent Masons as acting agent on behalf of Seagreen Bravo Wind Energy Limited (Assignor)

The Scottish Ministers hereby authorise the assignation of the Seagreen Bravo Offshore Wind Farm Section 36 Consent dated 10 October 2014 by the Assignor to the Assignee, in accordance with condition 4, Annex 2 to the Section 36 Consent, subject to the following conditions set out in the enclosed letter.

The assignation must be given no later than 4 weeks of the date of this letter and must be intimated by the Assignee to the Scottish Ministers by sending to them a certified copy of the assignation no later than 2 weeks of the date of the giving of the assignation.

Regarding the transfer of the marine licence, the transfer of the marine licence will be treated as a variation under Section 30 of the Marine (Scotland) Act 2010 and Section 72 of the Marine and Coastal Access Act 2009.

Due consideration has been given to this and we do not believe that anyone will be adversely affected by the variation and therefore consultation will not be required. We will make the necessary changes and issue the licence along with the variation fee of £60.

Once this is complete, we will inform all of the consultees from the original application that the Section 36 Consent assignation has taken place and then re-issue the marine licence in name of Seagreen Alpha Wind Energy Limited.

Should you have any queries or wish to discuss this further, please do not hesitate to contact Emma Lees on 0131 244 1734 or emma.lees@gov.scot

Yours sincerely,

Dear Sir/Madam,

SEAGREEN BRAVO OFFSHORE WIND FARM

AUTHORISATION FOR THE ASSIGNATION OF A CONSENT GRANTED IN ACCORDANCE WITH SECTION 36 OF THE ELECTRICITY ACT 1989

The Scottish Ministers hereby authorise the assignation of the Seagreen Bravo Offshore Wind Farm Section 36 Consent dated 10 October 2014, by the Assignor to the Assignee, in accordance with condition 4, Annex 2 to the Consent and Deemed Planning Permission, subject to the following conditions.

I am sending a letter in identical terms to the Assignor also.

Conditions

1. The assignation must be given no later than 4 weeks of the date of this letter and must be intimated by the Assignee to the Scottish Ministers by sending to them a certified copy of the assignation no later than 2 weeks of the date of the giving of the assignation.
2. If the assignation, and intimation, are not given within the time periods specified in condition 1 then the Scottish Ministers' authorisation for the assignation is no longer valid in which case a new authorisation would require to be given by the Scottish Ministers under condition 4, Annex 2 to the Consent before any assignation may be given.
3. The Assignee must give written notice of the assignation to the relevant Planning Authority within 1 week of the date on which the assignation is given.
4. For the avoidance of doubt, the Assignee is required to comply with all the conditions of the Consent (except in so far as any condition has, prior to the date of the giving of the assignation, been fully implemented and does not have continuing effect). This

requirement also means that the Assignee, in terms of condition 4, Annex 2 to the Consent, is not permitted to further assign the Consent without the prior written authorisation of the Scottish Ministers.

5. The Assignee must confirm to the Scottish Ministers that they will, following the assignation, honour, in full, any community benefit package which has, prior to the date of the giving of the assignation, been agreed between the Assignor and any relevant authorities.
6. The Assignee must confirm to the Scottish Ministers that the relevant Planning Authority has been notified of the transfer of assignation in terms of condition 3 above.
