Loch Eireasort, Isle of Lewis  
58° 05.852' N 06° 30.754' W  
58° 05.855' N 06° 30.741' W  
58° 05.866' N 06° 30.729' W  
58° 05.870' N 06° 30.697' W  
58° 05.887' N 06° 30.637' W  
58° 05.903' N 06° 30.594' W  
58° 05.913' N 06° 30.595' W  
58° 05.855' N 06° 30.505' W  
58° 05.819' N 06° 30.480' W  
58° 05.634' N 06° 30.460' W  
58° 05.636' N 06° 30.547' W  
58° 05.632' N 06° 30.585' W  
58° 05.625' N 06° 30.597' W  
58° 05.613' N 06° 30.601' W  
58° 05.614' N 06° 30.612' W  
58° 05.611' N 06° 30.639' W  
58° 05.790' N 06° 30.693' W

58° 05.582' N 06° 30.754' W

This licence is granted for permitting disturbance of the above named species as a result of the following activities:

Geophysical surveys

During the period this licence is valid section 9(4A) of the Wildlife and Countryside Act 1981 does not apply to the undertaking of the aforementioned licensed activities by either the Licensee or any person authorised in writing by him / her, which involves or results in the intentional or reckless disturbance of basking sharks (*Cetorhinus maximus*), at Loch Eireasort, Isle of Lewis, provided that such activities are done under and in accordance with the terms of this licence.

## LICENCE CONDITIONS

1. The Licensee must ensure that all licensed activities are carried out in strict accordance with the mitigation and working methods proposed in the application for this licence, together with supporting information and all licensed activities must be carried out within the timescale(s) given within the application and any subsequent written correspondence between Marine Directorate – Licensing Operations Team ("MD-LOT") and the applicant, but subject to the following modifications or amendments made within this licence.
2. The Licensee must ensure that all licensed activities are carried out in strict accordance with the Marine Environmental Appraisal, A-200682-S02-A-REPT-001 as submitted to the Licensing Authority.
3. In the event of the Licensee becoming aware that any of the information on which the issue of this licence was based has changed, the Licensing Authority must be notified as soon as reasonably practicable.
4. The Licensee must ensure that the Joint Nature Conservation Committee ("JNCC") 2017 Guidelines for minimizing the risk of injury and disturbance to marine mammals from seismic surveys is followed at all times in connection with the undertaking of such surveys as far as it is practical to do so. These are available from the JNCC website <https://hub.jncc.gov.uk/assets/e2a46de5-43d4-43f0-b296-c62134397ce4>.
5. The Licensee must ensure that, if any aspects of the proposed activities differ from the detail submitted in the Noise Registry - Initial Registration Form, a new Initial Registration Form must be completed and submitted to the Scottish Ministers and the JNCC no later than one week prior to commencement of the licensed activities.
6. The Licensee must ensure that where survey equipment has the capability to undergo a soft start procedure, this is implemented on every occasion survey equipment is switched on.
7. Except where it is not relevant to the provisions of this licence, the Licensee must ensure that the Scottish Marine Wildlife Watching Code is adhered to at all times.

8. The Licensee must ensure that copies of the licence are available for inspection by any person authorised by the Scottish Ministers at the office of the Licensee and at all sites where licensed activities are taking place.
9. Any person authorised by the Scottish Ministers must be permitted to inspect the operations relating to the licence at any reasonable time. The Licensee must allow appropriate assistance to facilitate inspection.
10. The Licensee must, no later than one month after the expiry date of this licence, submit to MD-LOT, a written report detailing all actions taken in accordance with the specified terms and conditions of the licence. This report must detail the procedures, visual observations and include the original Marine Mammal Recording Form(s). Any difficulties encountered, or recommendations should also be noted.
11. The Licensee must, no later than 12 weeks after completion of the noisy activity, complete a 'close-out' noise registry form. This is available from the JNCC website <https://mnr.jncc.gov.uk/>
12. The Licensee must ensure that the USBL equipment is operated below 202 dB re 1 Pa (peak). Where this is not possible, the following mitigation must be adhered to:
  - a) The Licensee must ensure that the USBL equipment is operated at the lowest practicable sound levels, and over the shortest period of time to achieve project objectives.
  - b) The Licensee must observe a 500m mitigation zone around the area of Licensed Activity. A trained crew member must conduct a 15-minute search of the mitigation area prior to undertaking the Licensed Activity. If a marine mammal is sighted within the mitigation zone, works must be delayed until a minimum of 15 minutes after the last detection within the mitigation zone. The USBL should be stopped if a marine mammal is sighted in the upper loch after the equipment has been activated to allow the animal to pass. Where possible, the Licensee must start the equipment at the outer edges of the loch and move into position to avoid entrapment.
  - c) The Licensee must ensure that USBL equipment is only activated during daylight hours.

Authorised on behalf of Scottish Ministers  
By a member of staff of the Scottish Government
