MARINE LICENCE**

I refer to correspondence dated 2 March 2022 submitting a revised Cable Plan (“CaP”) to the Scottish Ministers for written approval in accordance with condition 3.2.2.10 of the offshore transmission asset marine licence.

A previous version of the CaP received multi-stage consent from Marine Scotland Licensing Operations Team (“MS-LOT”) on behalf of the Scottish Ministers on 18 November 2020.

Following consultation with the Maritime Coastguard Agency, Ministry of Defence, NatureScot and the Scottish Fishermen’s Federation a revised CaP was submitted to the Scottish Ministers on 6 June 2022. MS-LOT on behalf of the Scottish Ministers, hereby approve the amended CaP as submitted on 6 June 2022.

Any further updates or amendments made to the CaP must be submitted in writing to the Scottish Ministers for their written approval prior to the planned implementation of the proposed amendments or updates.

Unless otherwise agreed in writing by the Scottish Ministers, all works must proceed in accordance with the approved CaP.

Yours sincerely,

Emma Lees
