Dear Sir/Madam

[Marine \(Scotland\) Act 2010](#)
[Seagreen Phase 1 Offshore Wind Farm - MARP and WSI](#)

Thank you for your consultation of 25 October requesting our comments on documents submitted to MS-LOT for approval under conditions attached to this marine license.

I can confirm that the Written Scheme of Investigation and Protocol for Archaeological Discoveries are of an acceptable standard and we consider them suitable for approval by Scottish Ministers.

There are a few typing errors in the text – most notably the use of Historic Scotland for Historic Environment Scotland – but these do not affect the overall sense of the document. We leave it to your judgement whether these should be rectified before approval.

Yours faithfully

Historic Environment Scotland
