The Electricity Works (Environmental Impact Assessment) (Scotland) Regulations 2017

MARINE (SCOTLAND) ACT 2010, PART 4 MARINE LICENSING

The Marine Works (Environmental Impact Assessment) (Scotland) Regulations 2017

Neart na Gaoithe Offshore Wind Limited, having received its marine licences and consent under the above legislation has submitted to the licensing authority the attached revised Fisheries Management and Mitigation Strategy ("FMMS")

The purpose of the FMMS is to satisfy the requirements of:

- conditions 25 and 27 of the Section 36 consent (as varied),
- condition 3.2.2.20 and 3.2.2.21 of the Offshore Transmission Works Marine Licence (licence number: MS-00009831)

Neart na Gaoithe Ltd, has made amendments to the FMMS following consultation with the Forth and Tay Commercial Fisheries Working Group.

As the acting licensing authority, the Marine Directorate – Licensing Operation Team ("MD-LOT") would appreciate any comments you may have on the attached FMMS in order to determine whether it is fit for purpose for the Licensing Authority to give it their

written approval. Please note that we do not seek comments on the marine licence nor on the conditions, which will not be amended.

If you wish to submit any comments, please send to MD.MarineRenewables@gov.scot no later than **27 June 2024**

Yours sincerely,

Judith
