Dear Sir/Madam,

**ELECTRICITY ACT 1989**

*The Electricity Works (Environmental Impact Assessment) (Scotland) Regulations 2017*

**MARINE (SCOTLAND) ACT 2010**

*The Marine Works (Environmental Impact Assessment) Regulations 2017*

**PROPOSED REVISION TO THE CONSTRUCTION PROGRAMME (“COP”) AND  
CONSTRUCTION METHOD STATEMENT (“CMS”) (REVISION 9.0) BY NEART NA  
GAOITHE OFFSHORE WIND LIMITED (NNGOWL)**

I refer to your email below and can confirm Angus Council has reviewed the documentation received in relation to the above and has no comments to make in respect of potential impacts on Angus.

Yours sincerely,

**Stephanie Porter** | Team Leader – Development Standards | Planning & Sustainable Growth | Angus Council | Angus House | Orchardbank Business Park, Forfar, DD8 1AN | [REDACTED]

Good afternoon Judith,

Thank you for the opportunity to comment on the revised Construction Programme (CoP) and Construction Method Statement (CMS) for Neart na Gaoithe Offshore wind farm.

The UK Technical Services Navigation team of the Maritime and Coastguard Agency has reviewed the document received. We would like to comment as follows:

The MCA confirms we have no additional comments considering that there are no changes to the agreed methodology. Also, on the understanding that all maritime safety legislations will be adhered to during the construction, operational and decommissioning phase of the project.

Best Regards

Good morning Judith,

Thank you for the consultation on the revised Construction Programme (CoP) and Construction Method Statement (CMS) for Neart na Gaoithe Offshore Wind Farm. We have reviewed the revised CoP and CMS document (NNG-NNG-ECF-PLN-0002 Rev 09) and note that amendments relate to changes in timings to the construction activities. Installation of wind turbines is planned to continue into 2025, with the final commissioning amended to 2025, from 2024 previously. As such, we are content with the amendments and have no substantive comments to make.

Best Wishes,

Caitlin
