Attn. Jessica Hay

Dear Ms Hay,

EMEC Billia Croo Berth 4: DatAtSea Project – Marine Licence Application

Please find attached the Marine Licence application for the installation, operation and recovery of a datacentre under the DatAtSea project at the European Marine Energy Centre's Billia Croo wave test site, test berth 4. EMEC is submitting the application on behalf of NAVAL Group, who will be contracting the work.

The following documentation has been attached in support of the application:

- Marine Licence application form (signed and unsigned)
- Project Information Summary
- Charts showing proposed work area relative to the test site

Should any consultees wish to discuss the application and/or the associated works in greater detail, then please do not hesitate to get in touch or provide them with my contact information directly. EMEC and NAVAL Group are more than happy to provide further information regarding the application and proposed works.

I would be grateful if you could acknowledge receipt of this application and send the invoice for the associated application fee to the NAVAL Group address provided within the application form.

Please do not hesitate to contact me if you require any further information regarding this application.

Yours sincerely,
[Redacted]

Caitlin Long
Consents and Project Officer
