FARM, LOCATED 38 KILOMETRES OFF THE EAST OF THE ANGUS COASTLINE**

1. Description of the Application

- 1.1 On 10 October 2014 the Scottish Ministers, granted in favour of Seagreen Bravo Wind Energy Limited (Company Number 07185543), having its registered office previously at 55 Vastern Road, Reading, Berkshire and now at No. 1 Forbury Place, 43 Forbury Road, Reading, consent under section 36 (“s.36”) of the Electricity Act 1989 (as amended) relative to the above development. The said s.36 consent was varied by the Scottish Ministers on 28 August 2018 (“the s.36 consent”). Subsequently on 29 October 2019, the s.36 consent was assigned, with the authority of the Scottish Ministers, to Seagreen Alpha Wind Energy Limited (Company Number 07185533), having its registered office at No. 1 Forbury Place, 43 Forbury Road, Reading (“the Company”). Condition 23 of the s.36 consent requires the Company to submit a Primary Radar Mitigation Scheme (“PRMS”) for approval by the Scottish Ministers prior to the erection of any turbines in respect of the above development.
- 1.2 On 12 April 2021 the Company submitted to the Scottish Ministers the PRMS for approval in respect of condition 23 of the s.36 consent and applied for multi-stage consent.

2. Reasons and Considerations on which this decision is based

- 2.1 Following consultation with NATS (En Route) plc no amendments to the PRMS were made.
- 2.2 The Company was not required to submit additional information under regulation 25 of the Electricity Works (Environmental Impact Assessment) (Scotland) Regulations 2017 (as amended) in relation to the application for multi-stage consent.

3. Determination and Terms of Decision

- 3.1 The Scottish Ministers, hereby grant multi-stage consent in relation to the PRMS as submitted on 12 April 2021.
- 3.2 For the avoidance of doubt, no blades shall be fitted to any turbines unless the PRMS has been implemented. The development shall thereafter be operated fully in accordance with the the PRMS.
