Hi Cara,

Apologies, I meant to send this with the marine licence variation.

With regard to the marine licence variation which was granted on 29th July 2016, MS LOT has considered the EIA consent decision in light of the changes and are content that the decision would stand.

Kind regards,
Kirsty

Subject: MeyGen Phase 1 Marine Licence Variation and Seabed Preparation - Licence Issue

Dear Cara,

Please find attached a copy of the marine licence variation for the MeyGen Phase 1 to include the jack up barges/vessels (licence number 04577/16/0) and the amended seabed preparation licence (06045/16/0) to remove the reference to a DSLP from condition 3.2.2.3.

Signed hard copies will also follow by post.

If you have any queries, or notice any errors on the licences, please contact MS LOT as soon as possible.

Kind regards,
Kirsty

Kirsty Wright
