United Kingdom

Or any person authorised in writing by him / her to disturb the European protected species of harbour porpoise (*Phocoena phocoena*);bottlenose dolphin (*Tursiops truncatus*);minke whale (*Balaenoptera acutorostrata*);Risso's dolphin (*Grampus griseus*);white sided dolphin (*Lagenorhynchus acutus*);short beaked common dolphin (*Delphinus delphis*);white-beaked dolphin (*Lagenorhynchus albirostris*);humpback whale (*Megaptera novaeangliae*);long-finned pilot whale (*Globicephala melas*) at as detailed in the application for a licence to disturb European Protected Species and supporting documents but only subject to the under-noted conditions:

PURPOSE AND CIRCUMSTANCES IN WHICH ACTION IS REQUIRED

This licence is granted for the purpose of permitting the disturbance of harbour porpoise (*Phocoena phocoena*);bottlenose dolphin (*Tursiops truncatus*);minke whale (*Balaenoptera acutorostrata*);Risso's dolphin (*Grampus griseus*);white sided dolphin (*Lagenorhynchus acutus*);short beaked common dolphin (*Delphinus delphis*);white-beaked dolphin (*Lagenorhynchus albirostris*);humpback whale (*Megaptera novaeangliae*);long-finned pilot whale

(Globicephala melas) at Aberdeen Bay Offshore Wind Farm for imperative reasons of overriding public interest (including those of a social or economic nature and beneficial consequences of primary importance for the environment) in connection with Geophysical survey work during the operation and maintenance phase of the European Offshore Wind Deployment Centre (EOWDC) at Aberdeen Bay for the purposes of (1) turbine inspection and maintenance and (2) cable corridor surveys. at the following location(s):

Aberdeen Bay Offshore Windfarm

57° 14.723' N 02° 00.911' W

57° 15.240' N 01° 56.865' W

57° 12.360' N 01° 58.680' W

57° 11.842' N 02° 02.721' W

This licence is granted for permitting disturbance of the above named species as a result of the following activities:

Geophysical survey work including Ultra Short Baseline Systems and Sub-bottom Imager.

LICENCE CONDITIONS

1. The Licensee must ensure that all licensed activities are carried out in strict accordance with the mitigation and working methods proposed in the application for this licence, together with supporting information and all licensed activities must be carried out within the timescale(s) given within the application and any subsequent written correspondence between Marine Directorate – Licensing Operations Team ("MD-LOT") and the applicant, but subject to the following modifications or amendments made within this licence.
2. The Licensee must ensure that all licensed activities are carried out in strict accordance with the European Protected Species Risk Assessment European Offshore Wind Deployment Centre Operation and Maintenance Phase, Issue B.
3. In the event of the Licensee becoming aware that any of the information on which the issue of this licence was based has changed, the Licensing Authority must be notified as soon as reasonably practicable.
4. The Licensee must ensure that, if any aspects of the proposed activities differ from the detail submitted in the Noise Registry - Initial Registration Form, a new Initial Registration Form shall be completed and submitted to the Licensing Authority and the Joint Nature Conservation Committee ("JNCC") no later than one week prior to commencement of the licenced activities.
- 5 The Licensee must ensure that where survey equipment has the capability to undergo a soft start procedure, this is implemented on every occasion survey equipment is switched on.

6. The Licensee must ensure that the JNCC 2017 Guidelines for minimising the risk of injury and disturbance to marine mammals from seismic surveys is followed at all times in connection with the undertaking of such surveys as far as it is practical to do so. These are available from the JNCC website <https://jncc.gov.uk/resources/e2a46de5-43d4-43f0-b296-c62134397ce4>.
7. Except where it is not relevant to the provisions of this licence, the Licensee must ensure that the Scottish Marine Wildlife Watching Code is adhered to at all times.
8. The Licensee must ensure that copies of the licence are available for inspection by any person authorised by the Scottish Ministers at the office of the Licensee and at all sites where licensed activities are taking place.
9. Any person authorised by the Scottish Ministers must be permitted to inspect the operations relating to the licence at any reasonable time. The Licensee must allow appropriate assistance to facilitate inspection.
10. The Licensee must, no later than one month after the expiry date of this licence, submit to MD-LOT, a written report detailing all actions taken in accordance with the specified terms and conditions of the licence. This report must detail the procedures, visual observations and include the original Marine Mammal Recording Form(s). Any difficulties encountered, or recommendations, should also be noted.
11. The Licensee must, no later than 12 weeks after completion of the noisy activity, complete a 'close-out' noise registry form. This is available from the JNCC website <https://mnr.jncc.gov.uk/>.
12. When carrying out pre-work searches the Licensee must ensure that a mitigation zone with a minimum radius of 500 metres is employed by the Marine Mammal Observer or a suitably-briefed member of the crew. The Licensee should ensure that the geophysical survey works only commence after the suitably-briefed member of the crew is satisfied that no animals have been observed within said mitigation zone for a minimum period of 30 minutes.
