Dear

**Application to Disturb Marine Species, Aberdeen Offshore Wind Farm Limited**

Further to your application received 28 March 2017 in relation to UXO clearance at the European Offshore Wind Development Centre, I can inform you that the conditions for issue of a licence have been met and a copy of the licence, MS EPS 10/2017/0 is enclosed. Please quote the licence number should you require to contact us again regarding this matter.

I am obliged to draw your attention to the conditions contained within the licence, as detailed by our advisors. Under *The Conservation (Natural Habitats, &c.) Amendment (Scotland) Regulations 2007*, it is an offence to fail to comply with those conditions.

You will note that the licence runs to 30 September 2017. If a new licence is required, it should be applied for before this licence expires to allow a possible extension rather than a complete new application.

Yours sincerely
