Our Ref: MS EPS 17 2019 0

Date: 22 July 2019

Dear [Redacted]

Application to Disturb Marine Species, Aberdeen Offshore Wind Farm Limited

Further to your emails dated 24 May 2019, 29 May 2019 and 16 July 2019 in relation to geophysical survey work during the Operation & Maintenance Phase for the purposes of (1) turbine inspection and maintenance and (2) cable corridor surveys within European Offshore Wind Deployment Centre, Aberdeen Bay, please find enclosed a copy of the licence, MS EPS 17 2019 0. Please quote the licence number should you require to contact us again regarding this matter.

I am obliged to draw your attention to the conditions contained within the licence, as detailed by our advisors. Under *The Conservation (Natural Habitats, &c.) Amendment (Scotland) Regulations 2007*, it is an offence to fail to comply with those conditions.

You will note that the licence runs to 21 July 2020. If a new licence is required, it should be applied for before this licence expires to allow a possible extension rather than a complete new application.

Yours sincerely
