

## THE CONSERVATION (NATURAL HABITAT, &c.) REGULATIONS 1994 (AS AMENDED)

### LICENCE TO DISTURB MARINE SPECIES

**Licence Number: EPS/BS-00008957**

This licence is granted under regulation of the Conservation (Natural Habitats, &c.) Regulations 1994 (as amended) by the Scottish Ministers who, after consultation with, and having been advised as to the circumstances in which they should grant such licences by NatureScot are satisfied as regards the purpose for which the licence is granted, 44(e) namely, for (e) preserving public health or public safety or other imperative reasons of overriding public interest including those of a social or economic nature and beneficial consequences of primary importance for the environment; and that (a) there is no other satisfactory alternative and (b) that the action authorised will not be detrimental to the maintenance of the population of the species concerned at a favourable conservation status in their natural range; and unless revoked by the Scottish Ministers is valid from **08 October, 2020 to 30 June, 2022** and authorises:

**I Kerr  
Port of Dundee Ltd  
Stannergate Road  
Dundee  
DD1 3LU**

Or any person authorised in writing by him / her to disturb the European protected species of harbour porpoise (*Phocoena phocoena*); bottlenose dolphin (*Tursiops truncatus*); minke whale (*Balaenoptera acutorostrata*); white-beaked dolphin (*Lagenorhynchus albirostris*) at Port of Dundee, as detailed in the application for a licence to disturb European Protected Species and supporting documents but only subject to the under-noted conditions:

### PURPOSE AND CIRCUMSTANCES IN WHICH ACTION IS REQUIRED

This licence is granted for the purpose of permitting the disturbance of harbour porpoise (*Phocoena phocoena*); bottlenose dolphin (*Tursiops truncatus*); minke whale (*Balaenoptera acutorostrata*); white-beaked dolphin (*Lagenorhynchus albirostris*) at Port of Dundee, for (e) preserving public health or public safety or other imperative reasons of overriding public interest including those of a social or economic nature and beneficial consequences of primary importance for the environment in connection with Redevelopment of Dundee East at the following location.

56° 27.965' N 002° 55.775' W

56° 27.969' N 002° 55.178' W

56° 27.882' N 002° 55.176' W

56° 27.878' N 002° 55.772' W

This licence is granted for permitting disturbance of the above named species as a result of the following activities:

Impact piling and vibro piling

## LICENCE CONDITIONS

1. The licensee must ensure that all works are carried out in strict accordance with the mitigation and working methods proposed in the application for this licence to disturb European protected species, together with supporting information and all works must be carried out within the timescale(s) given within the application and any subsequent written correspondence between Marine Scotland and the applicant, but subject to the following modifications or amendments made within this licence.
2. The Licensee must ensure that all works are carried out in strict accordance with the Port of Dundee: EPS Risk Assessment (issued 15 September 2020) but subject to the following modifications or amendments made within this licence.
3. In the event of the licensee becoming aware that any of the information on which the issue of this licence was based has changed, the licensing authority must be notified as soon as reasonably practicable.
4. The licensee must ensure that, if any aspects of the proposed activities differ from the detail submitted in the Noise Registry - Initial Registration Form, a new Initial Registration Form shall be completed and submitted to the licensing authority and the Joint Nature Conservation Committee (JNCC) no later than one week prior to commencement of the licensed activity.
5. The Licensee must ensure that where survey equipment has the capability to undergo a soft start procedure, this is implemented on every occasion survey equipment is switched on.
6. The Licensee must ensure that the Joint Nature Conservation Committee ("JNCC") 2017 Guidelines for minimising the risk of injury and disturbance to marine mammals from seismic surveys is followed at all times in connection with the undertaking of such surveys as far as it is practical to do so. These are available from the JNCC website [http://jncc.defra.gov.uk/pdf/jncc\\_guidelines\\_seismicsurvey\\_apr2017.pdf](http://jncc.defra.gov.uk/pdf/jncc_guidelines_seismicsurvey_apr2017.pdf).
7. Except where it is not relevant to the provisions of this licence, the Licensee must ensure that the Scottish Marine Wildlife Watching Code is adhered to at all times.
8. The Licensee must ensure that copies of the licence are available for inspection by any person authorised by the Scottish Ministers at the office of the Licensee and at all sites where licensed activities are taking place.
9. Any person authorised by the Scottish Ministers must be permitted to inspect the operations relating to the licence at any reasonable time. The Licensee must allow appropriate assistance to facilitate inspection.
10. The Licensee must, no later than one month after the expiry date of this licence, submit to Marine Scotland, Planning and Policy, Licensing Operations Team, a written report detailing all actions taken in accordance with the specified terms and conditions of the licence. This report must detail the procedures, visual observations and include the original Marine Mammal Recording Form(s). Any difficulties encountered, or recommendations should also be noted.
11. The licence holder must, no later than 12 weeks after completion of the noisy activity, complete a 'close-out' noise registry form. This is available from the JNCC website <https://mnr.jncc.gov.uk/>
12. The Licensee must ensure that the JNCC 2010 protocol for minimising risk of injury to marine mammals from

piling noise ("JNCC Piling Protocol") is followed at all times in connection with the undertaking of the works as far as it is practical to do so.

13. The Licensee must ensure that when carrying out vibro or impact piling activities Marine Mammal Observers ("MMO") are used at all times.

14. The Licensee must ensure that the MMO is trained and dedicated as defined in the JNCC Piling Protocol.

15. The Licensee must ensure that a mitigation zone with a radius of 500 metres is utilised by the MMO in accordance with the JNCC Piling Protocol.

16. The Licensee must ensure that vibro or impact piling is not carried out in poor or adverse weather or light conditions such that the MMO is unable to observe marine mammals within the 500m mitigation zone.

17. The Licensee must ensure that soft start procedures are employed as per section 2.4 of the JNCC Piling Protocol.

18. The Licensee must ensure that impact piling is restricted to 4 hours in any 24 hour period.
