

THE CONSERVATION (NATURAL HABITATS, &C.) REGULATIONS 1994

LICENCE TO DISTURB MARINE SPECIES

Licence Number: EPS/BS-00010535

This licence is granted under regulation of the Conservation (Natural Habitats, &c.) Regulations 1994 by the Scottish Ministers who, after consultation with, and having been advised as to the circumstances in which they should grant such licences by NatureScot are satisfied as regards the purpose for which the licence is granted, namely, for social, economic or environmental purpose; and that (a) there is no other satisfactory alternative and (b) that the action authorised will not be detrimental to the maintenance of the population of the species concerned at a favourable conservation status in their natural range; and unless revoked by the Scottish Ministers is valid from **06 October, 2023 to 30 June, 2024** and authorises:

<Redacted>

Or any person authorised in writing by him / her to disturb the European protected species of *harbour porpoise* (*Phocoena phocoena*); *bottlenose dolphin* (*Tursiops truncatus*); *minke whale* (*Balaenoptera acutorostrata*); *white-beaked dolphin* (*Lagenorhynchus albirostris*) at Cenos Offshore Windfarm Revised Cable Route, as detailed in the application for a licence to disturb European Protected Species and supporting documents but only subject to the under-noted conditions:

PURPOSE AND CIRCUMSTANCES IN WHICH ACTION IS REQUIRED

This licence is granted for the purpose of permitting the disturbance of *harbour porpoise* (*Phocoena phocoena*); *bottlenose dolphin* (*Tursiops truncatus*); *minke whale* (*Balaenoptera acutorostrata*); *white-beaked dolphin* (*Lagenorhynchus albirostris*) at Cenos Offshore Windfarm Revised Cable Route, for social, economic or environmental purpose in connection with Geophysical surveys at the following location(s):

Cenos Offshore Windfarm Revised Cable Route

57° 35.664' N 01° 25.641' W
57° 40.281' N 01° 05.905' W
57° 31.321' N 01° 05.114' W
57° 32.861' N 01° 24.118' W

This licence is granted for permitting disturbance of the above named species as a result of the following activities:

Geophysical survey with the use of Sub-Bottom Profiling ("SBP")

LICENCE CONDITIONS

1. The Licensee must ensure that all licensed activities are carried out in strict accordance with the mitigation and working methods proposed in the application for this licence, together with supporting information and all licensed activities must be carried out within the timescale(s) given within the application and any subsequent written correspondence between Marine Directorate – Licensing Operations Team ("MD-LOT") and the applicant, but subject to the following modifications or amendments made within this licence.
2. The Licensee must ensure that all licensed activities are carried out in strict accordance with the mitigation and working methods and timescales proposed in the application and detailed in the Flotation Energy Ltd. Genos EPS Risk Assessment, Ref 108_REP_02_3 EPS Risk Assessment (amended) document dated 18 August 2023.
3. In the event of the Licensee becoming aware that any of the information on which the issue of this licence was based has changed, the Licensing Authority must be notified as soon as reasonably practicable.
4. The Licensee must ensure that the Joint Nature Conservation Committee ("JNCC") 2017 Guidelines for minimizing the risk of injury and disturbance to marine mammals from seismic surveys is followed at all times in connection with the undertaking of such surveys as far as it is practical to do so. These are available from the JNCC website <https://hub.jncc.gov.uk/assets/e2a46de5-43d4-43f0-b296-c62134397ce4>.
5. The Licensee must ensure that, if any aspects of the proposed activities differ from the detail submitted in the Noise Registry - Initial Registration Form, a new Initial Registration Form must be completed and submitted to the Scottish Ministers and the JNCC no later than one week prior to commencement of the licensed activities.
6. The Licensee must ensure that where survey equipment has the capability to undergo a soft start procedure, this is implemented on every occasion survey equipment is switched on. Soft start procedure should involve slowly ramping up to full power over a period of a minimum of 20 minutes and not exceeding 40 minutes, allowing any marine mammals to move away from the noise source.
7. Except where it is not relevant to the provisions of this licence, the Licensee must ensure that the Scottish Marine Wildlife Watching Code is adhered to at all times.
8. The Licensee must ensure that copies of the licence are available for inspection by any person authorised by the Scottish Ministers at the office of the Licensee and at all sites where licensed activities are taking place
9. Any person authorised by the Scottish Ministers must be permitted to inspect the operations relating to the licence at any reasonable time. The Licensee must allow appropriate assistance to facilitate inspection.
10. The Licensee must, no later than one month after the expiry date of this licence, submit to MD-LOT, a written report detailing all actions taken in accordance with the specified terms and conditions of the licence. This report must detail the procedures, visual observations and include the original Marine Mammal Recording Form(s). Any difficulties encountered, or recommendations should also be noted.
