Dear Redacted

**Inch Cape Wind Farm: Section 36 of the Electricity Act 1989 consent-
Condition 2**

I write on behalf of Inch Cape Offshore Limited (ICOL) who were awarded a Section 36 consent on 10th October 2014.

As part of the consent ICOL received a series of consent conditions. Condition 2 in the consent states the following:

Reason: To ensure the Commencement of the Development is undertaken within a reasonable timescale after consent is granted.”

As the consent is subject to ongoing legal challenge, and has been since January 2015 (3 months after receiving consent), it is considered reasonable that the Commencement of Development should be delayed beyond the 5 years set out in the condition.

Therefore, in light of the ongoing Judicial Review, and the associated delays beyond ICOL’s control, I request that the Scottish Ministers direct that
