Dear Ms Araujo

4 MARINE LICENSING

**Moray Offshore Renewables Limited (Telford Offshore Wind Farm, Stevenson

Offshore Windfarm (East) Limited “Moray East”)**

Section 36 Consents (as varied): Condition 17 (part f.)

Offshore Substation Platform Marine Licence: Condition 3.2.2.18
Offshore Transmission Infrastructure Marine Licence: Condition 3.2.2.9 (part f.)
(collectively referred to as “the Conditions”)

Thank you for your correspondence requesting that Marine Scotland Licensing Operations Team (“MS-LOT”) gives its written approval to the updated Emergency Response Cooperation Plan (“ERCoP”) issued on 18 March 2022 (File Name: 8460001-OE1-MWE-PLN-000002).

Five previous versions of the ERCoP (issued 31 October 2018, 10 June 2019, 01 October 2020, 13 January 2021, 24 March 2021) received written approval from MS-LOT, on behalf of the Scottish Ministers, in discharge letters dated 13 February 2019, 17 July 2019, 22 January 2021, 04 February 2021 and 21 April 2021 respectively, which deemed it sufficient to fully discharge the Conditions, subject to it being fully implemented.

MS-LOT, on behalf of the Scottish Ministers, has consulted with the Maritime and Coastguard Agency (“MCA”) and the Northern Lighthouse Board (“NLB”) and no updates to the ERCoP was required.

I can confirm that the updated ERCoP fulfils the requirements of, and is sufficient to discharge the Conditions, subject to it being implemented. MS-LOT, on behalf of Scottish Ministers, therefore confirms its approval of the updated ERCoP (issued 18 March 2022).

The ERCoP is a live document, and it will be updated or amended by the Company, as and when new relevant information becomes available. Any updates or amendments made to this ERCoP by the Company, must be submitted in writing by the Company to the Scottish Ministers for their written approval. Where minor changes are made, the updated document can also be sent directly to HM Coastguard.

Yours sincerely,

Debbie England
Marine Scotland Licensing Operations Team
