To Greenvolt

I, [REDACTED] Director of Thrumster Estate Ltd., acknowledge that Green Volt Offshore Wind Farm Ltd. wishes to carry out ecological mitigation work on Thrumster Estate Ltd.'s land.

The purpose of this work is to improve land drainage and lessen run-off falling over cliffs at Ashy Geo. This is expected to enhance the habitat for nesting birds on the cliffs below.

Subject to having obtained all required permissions and consents, and on having agreed commercial terms, I am happy in principle to facilitate this work on Thrumster Estate.

Yours faithfully

[REDACTED]

Thrumster Estate Ltd.
