

15 April 2024

Dear [REDACTED]

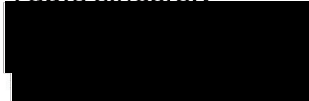

**Crovie Farm/Collie Head footpath & viewpoint formation**

Further to our face-to-face discussions with you, Green Volt Offshore Windfarm Ltd understand the following in relation to the proposed footpath and viewpoint works at Crovie Farm/Collie Head:

- You are keen to progress the approved planning application work [APP/2023/1010 | Formation of Public Footpath | Land At Crovie Gardenstown \(aberdeenshire.gov.uk\)](#), which was approved on 26 October 2023 (see outline area in map below showing land boundary for farm as per the planning application and proposed coastal pathway);
- The original funding source for the works is no longer available and you would not progress undertake the works without suitable funding;
- You are willing to make the necessary agreements with Green Volt Offshore Windfarm Ltd to complete these works with you and to maintain for the life of the wind farm.
- RSPB do not hold a lease on Crovie Farm and this land not part of the reserve at Troup Head.

We would be grateful if you could confirm our understanding through signature of the agreement overleaf.

Yours sincerely

Consent Manager (Green Volt)

15 April 2024

I can confirm that I am the landowner of the land that is subject to planning application [APP/2023/1010 | Formation of Public Footpath | Land At Crovie Gardenstown](#) ([aberdeenshire.gov.uk](#)), which received approval on 26 October 2023

This land is not currently leased to any other party (such as RSPB Scotland) for any other purposes therefore I am able to enter into an agreement with Green Volt Offshore Windfarm Ltd.

I want to progress the proposed works (as approved) but do not currently have the funding to undertake them therefore I am agreeable to working with Green Volt Offshore Windfarm Ltd to fund completion and maintenance of these works.
