1.3 Other authorisations and consents

The Licensee is deemed to have satisfied itself that there are no barriers or restrictions, legal or otherwise, to the carrying on of the Licensed Activities in connection with the licensed activity. The issuing of the licence does not absolve the Licensee from obtaining such other authorisations and consents, which may be required under statute.

1.4 Variation, suspension, revocation and transfer

Under section 30 (1) of the 2010 Act the Licensing Authority may by notice vary, suspend or revoke the licence granted by them if it appears to the Licensing Authority that there has been a breach of any of its provisions. For any such other reason that appears to be relevant to the Licensing Authority under section 30(2) or (3) of the 2010 Act. Under the 2010 Act variations, suspensions, revocations and transfers of licences are subject to the procedures set out in section 31 of the Act.

Under section 30 (7) of the 2010 Act, on an application made by a licensee, the Licensing Authority may vary a licence if satisfied that the variation being applied for is not material.

Under section 30 (8) of the 2010 Act, on an application made by the licensee, the Licensing Authority may transfer the licence from the Licensee to another person.

1.5 Breach of requirement for, or conditions of, licence

Under section 39 of the 2010 Act it is an offence to carry on a Licensable Marine Activity without a marine licence and it is also an offence to fail to comply with any condition of a marine licence.

3. PART 3 – CONDITIONS

3.1 General Conditions

3.1.1 The Licensee must at all times construct and maintain the Licensed Activity in accordance with the licence, the application and the plans and programmes approved by the Licensing Authority.

3.1.2 All conditions attached to the licence bind any person who for the time being owns, occupies or enjoys any use of the works, whether or not the licence has been transferred to that person.

3.1.3 The Licensee must ensure that only the materials, substances or objects listed in Part 2 of the licence are used during the execution of the Licensed Activity and that all materials, substances or objects used during the execution of the Licensed Activity are inert and do not contain toxic elements which may be harmful to the marine environment, the living resources which it supports or human health.

3.1.4 In the event of any breach of health and safety or environmental obligations relating to the Licensed Activity during the period of the licence, the Licensee must provide written notification of the nature and timing of the incident to the Licensing Authority within 24 hours of the incident occurring. Confirmation of remedial measures taken and/or to be taken to rectify the breach must be provided, in writing, to the Licensing Authority within a period of time to be agreed by the Licensing Authority.

3.1.5 The Licensee must remove the materials, substances or objects from below the level of Mean High Water Springs, or make such alterations as advised by the Licensing Authority, within one month of notice being given by the Licensing Authority at any time it is considered necessary or advisable for the safety of navigation, and not replaced without further approval by the Licensing Authority. The Licensee shall be liable for any expense incurred.

3.1.6 The Licensee must adopt measures to prevent the introduction and spread of invasive non-native species as a result of the Licensed Activities.

3.1.7 If governmental assistance is required (including UK governmental assistance or the assistance of any UK devolved government) to deal with any emergency arising from:

- a) the failure to mark and light the works/deposited objects as required by this licence;
- b) the maintenance of the works;/deposited object or
- c) the drifting or wreck of the works/deposited object,

to include the broadcast of navigational warnings, then the Licensee is liable for any expenses incurred in securing such assistance.

3.2 Prior to the commencement of the Licensed Activity

3.2.1 The Licensee must provide the name and function of any agent, contractor or sub-contractor appointed to undertake the Licensed Activities, as soon as is reasonably practicable prior to the Licensed Activities commencing.

3.2.2 The Licensee must, prior to and no less than seven calendar days before the Commencement of the Licensed Activity, notify the Licensing Authority, in writing, of the date of Commencement of the Licensed Activity authorised

under the licence.

3.2.3 The Licensee must issue local notification to marine users – including fisherman’s organisations, neighbouring port authorities and other local stakeholders – to ensure that they are made fully aware of the Licensed Activity.

3.2.4 The Licensee must contact the local statutory harbour authority, in this case Clydeport, prior to Commencement of the Licensed Activity to discuss the requirements for navigational warnings and a works licence.

3.3 During the Licensed Activity

3.3.1 The Licensee shall ensure that prior to the expiry of the licence, the works must be altered by taking all temporary structures to a place above Mean High Water Springs.

3.3.2 The Licensee must ensure that the Licensed Activity is maintained at all times in good repair.

3.3.3 The Licensee must ensure that any debris or waste materials arising during the course of the Licensed Activity are removed for disposal at an approved location above the tidal level of Mean High Water Springs.

3.3.4 In the event of the Licensed Activity being discontinued the materials used or substances and objects deposited under the authority of the licence shall be removed to the satisfaction of the Licensing Authority.

3.3.5 The Licensee must ensure that only those agents, contractors or sub-contractors notified to the Licensing Authority are permitted to undertake the works and/or Licensed Activities.

3.3.6 The Licensee must ensure that copies of the licence are available for inspection by any authorised Enforcement Officer at: a) the premises of the Licensee; b) the premises of any agent acting on behalf of the Licensee; and c) site of the Licensed Activity.

3.3.7 The Licensee must adopt measures to prevent the introduction and spread of invasive non-native species as a result of the Licensed Activities.

3.3.8 The Licensee must ensure the best method of practice is used to minimise re-suspension of sediment during the Licensed Activity.

3.3.9 The Licensee must ensure appropriate steps are taken to minimise damage to the river bank by the Licensed Activity.

3.3.10 Any person authorised by the Licensing Authority must be permitted to inspect the site at any reasonable time.

3.3.11 The Licensee must ensure suitable bunding and/or storage facilities are employed to prevent the release of fuel oils or lubricating fluids associated with the plant and equipment into the marine environment.

3.4 Upon Completion of the Licensed Activity

3.4.1. The Licensee must submit a written report regarding the materials used during the works to the licensing

authority. The written report must be submitted on completion of the works and on the forms provided by the licensing authority no later than 31 October 2025

3.4.2 The Licensee must, no later than 14 days following the Completion of the works notify the Licensing Authority, in writing, of the date of the Completion of the works.

3.4.3 The Licensee must, on completion, return any navigational aids and/or the topography to the original profile, or as close as reasonably practicable.

NOTES

1. You are deemed to have satisfied yourself that there are no barriers, legal or otherwise, to the carrying out of the licensed activity. The issue of the licence does not absolve the licensee from obtaining such authorisations, consents etc which may be required under any other legislation.
2. In the event that the licensee wishes any of the particulars set down in the Schedule to be altered, the licensing authority must be immediately notified of the alterations. It should be noted that changes can invalidate a licence, and that an application for a new licence may be necessary.
