1.3 Other authorisations and consents

The Licensee is deemed to have satisfied itself that there are no barriers or restrictions, legal or otherwise, to the carrying on of the Licensed Activities in connection with the licensed activity. The issuing of the licence does not absolve the Licensee from obtaining such other authorisations and consents, which may be required under statute.

1.4 Variation, suspension, revocation and transfer

Under section 30 (1) of the 2010 Act the Licensing Authority may by notice vary, suspend or revoke the licence granted by them if it appears to the Licensing Authority that there has been a breach of any of its provisions. For any such other reason that appears to be relevant to the Licensing Authority under section 30(2) or (3) of the 2010 Act. Under the 2010 Act variations, suspensions, revocations and transfers of licences are subject to the procedures set out in section 31 of the Act.

Under section 30 (7) of the 2010 Act, on an application made by a licensee, the Licensing Authority may vary a licence if satisfied that the variation being applied for is not material.

Under section 30 (8) of the 2010 Act, on an application made by the licensee, the Licensing Authority may transfer the licence from the Licensee to another person.

1.5 Breach of requirement for, or conditions of, licence

Under section 39 of the 2010 Act it is an offence to carry on a Licensable Marine Activity without a marine licence and it is also an offence to fail to comply with any condition of a marine licence.

1.6 Defences: actions taken in an emergency

Under section 40 of the 2010 Act it is a defence for a person charged with an offence under section 39(1) of the 2010 Act in relation to any activity to prove that –
the activity was carried out for the purpose of saving life, or for the purpose of securing the safety of a vessel, aircraft or marine structure ('force majeure'), and
that the person took steps within a reasonable time to inform the Licensing Authority as set out in section 40(2) of the 2010 Act.

1.7 Offences relating to information

Under section 42 of the 2010 Act it is an offence for a person to make a statement which is false or misleading in a material way, knowing the statement to be false or misleading or being reckless as to whether the statement is false or misleading, or to intentionally fail to disclose any material information for the purpose of procuring the issue, variation or transfer of a marine licence or for the purpose of complying with, or purporting to comply with, any obligation imposed by either Part 4 of the 2010 Act or the provisions of this licence.

1.8 Appeals

Under Regulation 3(1) of the Marine Licensing Appeals (Scotland) Regulations 2011 a person who has applied for a marine licence may by summary application appeal to against a decision taken by the Licensing Authority under section 71(1)(b) or (c) or (5) of the Act.

3. PART 3 – CONDITIONS

3.1 General Conditions

3.1.1 The Licensee must at all times deposit substances and objects in accordance with the licence, the application and the plans and programmes approved by the Licensing Authority.

3.1.2 The Licensee must ensure that only the materials listed in Part 2 of the licence are used during the execution of the Licensed Activity and that all materials, substances or objects used during the execution of the works are inert and do not contain toxic elements which may be harmful to the marine environment, the living resources which it supports or human health.

3.1.3 Only those substances or objects described in Part 2 of the Schedule shall be deposited under authority of the licence.

a) Any unauthorised materials associated with the substances or objects scheduled for deposit, including debris such as demolition waste, wood, scrap metal, tyres and synthetic materials, shall be disposed of on land at an approved location above the tidal level of Mean High Water Springs.

b) All tank/hopper washings shall be deposited in the authorised sea deposit area(s).

3.1.4 In the event of any breach of health and safety or environmental obligations relating to the Licensed Activity during the period of the licence, the Licensee must provide written notification of the nature and timing of the incident to the Licensing Authority within 24 hours of the incident occurring. Confirmation of remedial measures taken and/or to be taken to rectify the breach must be provided, in writing, to the Licensing Authority within a period of time to be agreed by the Licensing Authority.

3.1.5 The Licensee must remove the materials, substances or objects from below the level of Mean High Water Springs, or make such alterations as advised by the Licensing Authority, within one month of notice being given by the Licensing Authority at any time it is considered necessary or advisable for the safety of navigation, and not replaced without further approval by the Licensing Authority. The Licensee shall be liable for any expense incurred.

3.1.6 If governmental assistance is required (including UK governmental assistance or the assistance of any UK devolved government) to deal with any emergency arising from:

a) the failure to mark and light the works/deposited objects as required by this licence;

b) the maintenance of the works;/deposited object or

c) the drifting or wreck of the works/deposited object,

to include the broadcast of navigational warnings, then the Licensee is liable for any expenses incurred in securing such assistance.

Such notifications must include a copy of the licence, the start date and end date of the works, details of any marking arrangements and wherever possible, 'as built plans', in order that all necessary amendments to nautical publications are made.

3.1.8 The Licensee must ensure that the Licensed Activity is only carried out at the location of the Licensed Activity specified in Part 2 of the licence.

3.2 Prior to the commencement of the Licensed Activity

3.2.1 The Licensee must provide the name and function of any agent, contractor or sub-contractor appointed to undertake the Licensed Activities, as soon as is reasonably practicable prior to the Licensed Activities commencing.

3.2.2 The Licensee must, prior to and no less than seven calendar days before the Commencement of the Licensed Activity, notify the Licensing Authority, in writing, of the date of Commencement of the Licensed Activity authorised under this licence.

3.2.3 The Licensee must issue local notification to marine users – including fisherman's organisations, neighbouring port authorities and other local stakeholders – to ensure that they are made fully aware of the Licensed Activity.

3.2.4 The Licensee must ensure that only those agents, contractors or sub-contractors notified to the Licensing Authority are permitted to undertake the works.

3.2.5 The Licensee must contact the local statutory harbour authority, in this case Port of Cromarty Firth, prior to Commencement of the Licensed Activity to discuss the requirements for navigational warnings and a works licence.

3.3 During the Licensed Activity

3.3.1 Only those persons acting on behalf of, and authorised by, the agent or the Licensee shall undertake the Licensed Activity.

3.3.2 The Licensee shall ensure that a log of activities is maintained on each vessel employed to undertake the dredging operations. The log(s) shall be kept onboard the vessel(s) throughout the dredging operations, and be available for inspection by any authorised Enforcement Officer. The log(s) shall be retained for a period of six calendar months following expiry of the licence, and copies of the log(s) may be requested during that period for inspection by the Licensing Authority. The log(s) shall record in English the following information:

- a) the name of the vessel;
- b) the nature and quantity of substance dredged
- c) the date and time of departure from port, and the date and time of arrival at the authorised dredge area, on each occasion that the vessel proceeds to the dredge area.
- d) the date, time and position of commencement, and the date, time and position of completion, of each dredge operation;
- e) the course and speed throughout each dredge operation. (Multiple changes may be recorded as "various");
- f) the weather, including wind strength and direction, sea-state and tidal set throughout each dredge operation;

g) comments on the dredge operations, including any explanations for delays in the dredge operations;

h) the signature of the Master at the foot of each page of the record

3.3.3 The Licensee must ensure that any debris or waste materials arising during the course of the Licensed Activity are removed for disposal at an approved location above the tidal level of Mean High Water Springs.

3.3.4 The Licensee must ensure that copies of the licence are available for inspection by any authorised Enforcement Officer at:

a) the premises of the Licensee;

b) the premises of any agent acting on behalf of the Licensee; and

c) on board the vessel carrying out the Licensed Activity.

3.3.5 The Licensee must ensure that a copy of the licence is given to each contractor and sub-contractor employed to undertake the Licensed Activity.

3.3.6 The Licensee must ensure appropriate steps are taken to minimise damage to the seabed by the Licensed Activity.

3.3.7 Any person authorised by the Licensing Authority must be permitted to inspect the site at any reasonable time.

3.3.8 Dredge materials must be disposed of within an area bounded by the following coordinates:

57° 41.082' N 04° 10.140' W

57° 41.088' N 04° 10.090' W

57° 41.098' N 04° 10.145' W

57° 41.104' N 04° 10.095' W

3.3.9 The amount of dredged material must not exceed 1093 wet tonnes.

3.3.10 The Licensee must ensure suitable bunding and/or storage facilities are employed to prevent the release of fuel oils or lubricating fluids associated with the plant and equipment into the marine environment.

3.4 Upon Completion of the Licensed Activity

3.4.1. The Licensee must submit written reports to the Licensing Authority stating the nature and total quantity, in wet tonnes, of all substances or objects deposited under authority of the licence. The written reports must be submitted to the licensing authority annually and on the forms provided by the Licensing Authority.

3.4.2. The Licensee must, no later than 14 days following the Completion of the Licensed Activity notify the Licensing

Authority, in writing, of the date of the Completion of the Licensed Activity.

3.4.3 If a new licence is required, the Licensee' must make an application at least fourteen weeks before the expiry date of the licence. This licence shall not continue in force after the expiry date of 30 June 2022

NOTES

1. You are deemed to have satisfied yourself that there are no barriers, legal or otherwise, to the carrying out of the licensed activity. The issue of the licence does not absolve the licensee from obtaining such authorisations, consents etc which may be required under any other legislation.
2. In the event that the licensee wishes any of the particulars set down in the Schedule to be altered, the licensing authority must be immediately notified of the alterations. It should be noted that changes can invalidate a licence, and that an application for a new licence may be necessary.
