Dear Sir/Madam

**ELECTRICITY ACT 1989
MARINE (SCOTLAND) ACT 2010
MARINE AND COASTAL ACCESS ACT 2009
Seagreen Alpha and Bravo Offshore Wind Farm, Firth of Forth – Revised
Operation and Maintenance Programme**

Thank you for your email.

Angus Council has reviewed the submitted information and the revised operation and maintenance programme and offers no objection to the proposed variation.

I trust the above proves helpful.

Kind regards

Stephanie Porter | Team Leader – Development Standards | Planning & Sustainable Growth | Angus Council | Angus House | Orchardbank Business Park, Forfar, DD8 1AN | (01307 492378)

Dear Andy

Thank you for your consultation regarding the above.

Fife Council as Planning Authority has no comments to make regarding the revision to the operations and maintenance programme which has been submitted to satisfy the requirements of condition 3.2.3.2 of the offshore transmission asset marine licence MS-00010726 and condition 16 of the Section 36 consent.

Kind regards

Good Afternoon,

Thank you for contacting JNCC in regard to the Seagreen Alpha and Bravo Offshore Wind Farms.

JNCC's role in relation to offshore renewables in Scottish waters has been delegated to NatureScot.

NatureScot is now authorised to exercise the JNCC's functions as a statutory consultee in respect of certain applications for offshore waters (0-200nm) adjacent to Scotland.

Therefore, NatureScot should provide a full response.

We will contact Nature Scot to see if they require any specific input from JNCC and we will feedback any information where required directly via NatureScot.

As such JNCC have not reviewed this document and will not be providing further comment.

Kind regards,

Jon Connon

Good afternoon, Andy

Thank you for the opportunity to comment on the Operation and Maintenance Programme (OMP) provided by Seagreen Wind Energy Limited. The UK Technical Services Navigation team of the Maritime and Coastguard Agency has reviewed the documents received. We would like to comment as follows:

We note that 2 OMPs have been provided as follows; Offshore Transmission Asset OMP (“OTA OMP”) and Offshore Windfarm OMP (“OWF OMP”) They form an update to the OMP reflecting a change regarding a move into the operational phase of the project. They satisfy the requirements of the conditions as summarised in table 1.1 of the documents.

We can confirm that the MCA are content with the provided OMPs and have no further comment at this stage.

If you have any questions regarding this response, then please do get in touch.

Kind Regards,

Vaughan.

ELECTRICITY ACT 1989, MARINE (SCOTLAND) ACT 2010 & MARINE AND COASTAL ACCESS ACT 2009

Seagreen Wind Energy Ltd – Seagreen A&B Offshore Wind Farms – Operation & Maintenance Programmes – O&M Phase Revisions

Thank you for your e-mail correspondence dated 20th February 2025 relating to the two Operation and Maintenance Programmes (OMP) submitted by **Seagreen Wind Energy Ltd** to satisfy the requirements Condition 16 of the Section 36 consent, and Condition 3.2.3.2 of the Offshore Transmission Asset (OTA) Marine Licence MS-00010726.

Northern Lighthouse Board note that the original OMP has now been separated into two discrete documents; one for the OTA and one for the Offshore Wind Farm (OWF).

Within Section 4.1 of the OWF OMP, NLB would request that a formal annual inspection for compliance to character (flash character, audible character and range) is added to the Aids to Navigation row.

NLB have no additional suggestion or objections to the two documents.

Yours sincerely

Dear Andy,

Thank you for your consultation dated 20/02/2025 regarding the revised Operation and Maintenance Programmes (“OMP”) for the Seagreen Alpha and Bravo Wind Farms. We have reviewed the following documents:

- **Offshore Transmission Asset OMP (“OTA OMP”)**
- **Offshore Windfarm OMP (“OWF OMP”)**

We have no substantive comments to make on the revised Offshore Transmission Asset OMP or Offshore Windfarm OMP and are satisfied that they are fit for purpose and satisfy the requirements of the section 36 consent and Marine Licence.

Best regards,
Joe
