

PRE-APPLICATION CONSULTATION REPORT

Marine (Scotland) Act 2010: Section 24

1. Proposed Licensable Marine Activity

Please describe below or, where there is insufficient space, in a document attached to this form the proposed licensable marine activity, including its location

The Phase 4 Development proposal constitutes the following elements:

- Laydown: reclamation of an additional 4.5Ha of laydown space to the west of Phase 3. Including the revetments, the footprint will be approximately 6.3Ha. The laydown area will have appropriate surface water drainage, discharging to the Firth via an oil and silt interceptor. The surfacing will be a compacted stone finish to allow for settlement; an impermeable surface may be applied at a later date depending on operational requirements.
- Berth 6: additional 215m of quay wall to the west of Berth 5, to provide one continuous berthing face. The seabed will be dredged to 12m to allow access by cruise ships and other large vessels. This will need to be tapered, with appropriate slopes at the edges for stability, hence the dredge footprint is greater than the berthing area.
- Fendering: fenders will be installed on the existing Berth 5 (southern face of Phase 3) and the proposed new Berth 6.

2. Applicant Details

Title	Initials	Surname
Captain	Calum	Slater

Trading Title
(if appropriate)

Port of Cromarty Firth

Address

Port Office, Shore Road

Invergordon
