**Town and Country Planning (Scotland) Act 1997 (As Amended)
Planning Etc. (Scotland) Act 2006**

DECISION NOTICE

**Marine Fish Farm - Atlantic Salmon: alteration to install two additional 120m circumference cages
Upper Loch Torridon, Shieldaig**

The Highland Council in exercise of its powers under the above Acts **grants planning permission** for the above development in accordance with the particulars given in the application and the following documents:

| Document Type | Document No. | Version No. | Date Received |
|---------------------------|---------------------|--------------------|----------------------|
| Location/Site Layout Plan | | | 27.05.2022 |
| Elevations | | | 27.05.2022 |

CONDITIONS AND REASONS

This permission is granted subject to the following conditions and reasons:

1. The development to which this planning permission relates must commence within THREE YEARS of the date of this decision notice. If development has not commenced within this period, then this planning permission shall lapse.

Reason: In accordance with Section 58 of the Town and Country Planning (Scotland) Act 1997 (as amended).

2. The surface equipment shall be coloured to match the existing farm equipment unless agreed in writing by the planning authority

Reason: In the interests of minimising visual impact within the NSA

Dated: 18th October 2022

...
Area Planning Manager

PLANNING PERMISSION

3. All lighting above the water surface and not required for safe navigation purposes should be directed downwards by shielding. It should be extinguished when not required for the purpose for which it has been installed. If lighting is required for security purposes, infra-red lights and cameras should be used

Reason: To ensure the landscape and visual impact of the development upon the NSA and local amenity is minimised

4. Following the installation and operation of any equipment hereby approved a further noise impact assessment should be undertaken to establish if the additional pens have resulted in a material change to the sound profile of the farm operations. The Noise impact assessment shall be carried out so as to align with those previously undertaken in compliance with condition 2 of planning permission 20/01745/S42. A report shall be prepared and submitted to the planning authority. The report shall:

- i. Include a detailed assessment of vessels servicing the farm,
 - ii. Detail how or if the additional pens have altered the noise emitting from the fish farm site.
 - iii. Show where required measures have been put in place to resolve any identified noise impacts at noise sensitive premises to the north of the farm.
- or
- iv. Identify further measures to be taken to achieve such resolution.

Reason: In the interests of residential amenity.

5. In the event of equipment falling into disrepair or becoming damaged, adrift, stranded, abandoned or sunk in such a manner as to cause an obstruction or danger to navigation, the site operator shall carry out or make suitable arrangements for the carrying out of all measures necessary for lighting, buoying, raising, repairing, moving or destroying, as appropriate, the whole or any part of the equipment so as to remove the obstruction or danger to navigation

Reason: In the interests of amenity and navigational safety.

6. At least three months prior to cessation of use of the site for fish farming, a scheme for the decommissioning and removal of all equipment shall be submitted to and agreed in writing with the Planning Authority. Upon cessation the approved scheme shall be implemented

Reason: To ensure that decommissioning of the site takes place in an orderly manner and to ensure proper storage and disposal of redundant equipment in the interest of amenity and navigational safety.

Variations

None

Section 75 Obligation

None

REASON FOR DECISION

All relevant matters have been taken into account when appraising this application. It is considered that the proposal accords with the principles and policies contained within the Development Plan and is acceptable in terms of all other applicable material considerations.

INFORMATIVES

Initiation and Completion Notices

The Town and Country Planning (Scotland) Act 1997 (as amended) requires all developers to submit notices to the Planning Authority prior to, and upon completion of, development. These are in addition to any other similar requirements (such as Building Warrant completion notices) and failure to comply represents a breach of planning control and may result in formal enforcement action.

1. The developer must submit a Notice of Initiation of Development in accordance with Section 27A of the Act to the Planning Authority prior to work commencing on site.
2. On completion of the development, the developer must submit a Notice of Completion in accordance with Section 27B of the Act to the Planning Authority.

Copies of the notices referred to are attached to this decision notice for your convenience.

Scottish Water

You are advised that a supply and connection to Scottish Water infrastructure is dependent on sufficient spare capacity at the time of the application for connection to Scottish Water. The granting of planning permission does not guarantee a connection. Any enquiries with regards to sewerage connection and/or water supply should be directed to Scottish Water on **0845 601 8855**.

Construction Hours and Noise-Generating Activities:

You are advised that construction work associated with the approved development (incl. the loading/unloading of delivery vehicles, plant or other machinery), for which noise is audible at the boundary of the application site, should not normally take place outwith the hours of 08:00 and 19:00 Monday to Friday, 08:00 and 13:00 on Saturdays or at any time on a Sunday or Bank Holiday in Scotland, as prescribed in Schedule 1 of the Banking and Financial Dealings Act 1971 (as amended).

Work falling outwith these hours which gives rise to amenity concerns, or noise at any time which exceeds acceptable levels, may result in the service of a notice under Section 60 of the Control of Pollution Act 1974 (as amended). Breaching a Section 60 notice constitutes an offence and is likely to result in court action.

If you wish formal consent to work at specific times or on specific days, you may apply to the Council's Environmental Health Officer under Section 61 of the 1974 Act. Any such application should be submitted after you have obtained your Building Warrant, if required, and will be considered on its merits. Any decision taken will reflect the nature of the development, the site's location and the proximity of noise sensitive premises. Please contact env.health@highland.gov.uk for more information.

Protected Species - Halting of Work

You are advised that work on site must stop immediately, and NatureScot must be contacted, if evidence of any protected species or nesting/breeding sites, not previously detected during the course of the application and provided for in this permission, are found on site. For the avoidance of

Dated: 18th October 2022

.....
Area Planning Manager

doubt, it is an offence to deliberately or recklessly kill, injure or disturb protected species or to damage or destroy the breeding site of a protected species. These sites are protected even if the animal is not there at the time of discovery. Further information regarding protected species and developer responsibilities is available from NatureScot: <https://www.nature.scot/professional-advice/protected-areas-and-species/protected-species>

Building Regulations

Please note that Building Regulations and/or a Building Warrant may be applicable to some or all of the works described in this decision notice. You must check with the Council's Building Standards service prior to work commencing to establish what compliance or approval is necessary. If a warrant is required, you must not commence work until one has been applied for and issued. For more information, please contact Building Standards at eBuildingStandards@highland.gov.uk or on **01349 886608**.

Land Ownership/Planning Permission

For the avoidance of doubt, the existence of planning permission does not affect or supersede an individual's ownership or other legal rights. Please be advised that this permission does not entitle you to build on, under or over ground outwith your ownership or to enter private ground to demolish, construct or maintain your property.

Accordance with Approved Plans & Conditions

You are advised that development must progress in accordance with the plans approved under, and any conditions attached to, this permission. You must not deviate from this permission without consent from the Planning Authority (irrespective of any changes that may separately be requested at the Building Warrant stage or by any other Statutory Authority). Any pre-conditions (those requiring certain works, submissions etc. prior to commencement of development) must be fulfilled prior to work starting on site. Failure to adhere to this permission and meet the requirements of all conditions may invalidate your permission or result in formal enforcement action.

Utility checking on site

The <https://www.linsearchbeforeudig.co.uk/> website is a self-service website to allow you to check your proposal and site for utility assets before the commencement of any development on site.

RIGHT OF APPEAL

1. If the applicant is aggrieved by the decision to refuse planning permission for, or approval required by a conditions in respect of the proposed development, or to grant permission or approval subject to conditions, the applicant may appeal to the Scottish Ministers under Section 47 of the Town and Country Planning (Scotland) Act 1997 (as amended) within three months beginning with the date of this notice. The notice of appeal should be addressed to:

Directorate for Planning and Environmental Appeals
Scottish Government
Ground Floor
Hadrian House
Callendar Business Park
Callendar Road
Falkirk
FK1 1XR

Appeals can also be lodged online via the ePlanning Portal at: <https://www.eplanning.scot>

2. If permission to develop land is refused or granted subject to conditions, whether by the planning authority or by the Scottish Ministers, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by carrying out of any development which has been or would be permitted, the owner of the land may serve on the planning authority a purchase notice requiring the purchase of the owner of the land's interest in the land in accordance with Part 5 of the Town and Country Planning (Scotland) Act 1997 (as amended).
